ABOUT THE FUND

Baroda BNP Paribas Business cycle fund investments is based on identifying the Macro-Economic Indicators rather than themes or sectors. It has agility to move across sectors. Various business indicators help us understand the economic trend. Suitable for Investors aiming to benefit from the strategic fund positioning based on the business cycle phases. It has 4 phases: Recovery, recession, slump, expansion, each phase offers unique potential opportunities.

- Monitor Macro Indicators & identify Business Cycle Opportunity.
- Identify themes / sectors based on business cycle opportunity.
- Identify stocks based on finalised themes / sectors.
- A periodic assessment of the macro-economic environment and the subsequent investment approach is conducted, based on which the portfolio may be reallocated.

PORTFOLIO POSITIONING

- Markets rallied strongly into October rising ~430bps. We raised our exposures to large caps during the month taking up the large cap exposure to ~64% (up ~370bps). Our SMID exposures were down 50bps to ~31.4%. We reduced our cash positions by ~300bps during the month.
- Over the course of the month we added largely to our financials weight (up ~140bps), materials weights (up 100bps) and industrials weights (up 90bps). These were done largely by lowering cash holdings though we did trim marginally on consumer discretionary and utilities.
- Our key overweights in the fund stays as consumer discretionary, healthcare and industrials. Our underweights are on materials, utilities and staples though we have reduced the magnitude of underweight on materials.

Data as on October 31, 2025

Income Distribution cum Capital Withdrawal (IDCW) HISTORY (Regular Plan - IDCW Option)

Record Date	Distribution Rate Per Unit (₹) Individual/others	Cum--IDWC NAV (₹)
27-Mar-23	1.27	14.58

Last 3 IDCW declared for IDCW option.
Pursuant to distribution under Income Distribution cum Capital Withdrawal ('IDCW') option, NAV of the IDCW option of the scheme(s) would fall to the extent of pay-out and statutory levy (if applicable). The amounts under IDCW options can be distributed out of investors' capital (Equalization Reserve), which is part of sale price that represents realized gains. **Past performance may or may not be sustained in future and is not a guarantee of any future returns.** The above stated distribution rate per unit is net distribution rate after deducting applicable taxes. The above distribution rates are on face value of Rs 10 per unit. Face value may change depending upon FV of the scheme.
