ABOUT THE FUND

- Baroda BNP Paribas ELSS Tax Saver Fund" is an Equity Linked Savings Scheme (ELSS) where tax deduction of up to Rs. 1.5 lakhs (per financial year) from total income is available under section 80C of the Income Tax Act, 1961. The three-year lock-in period enables participation in long-term growth potential of the equity market.
- This is an actively managed scheme with the aim to capture suitable long term investment opportunities. The scheme follows the broad investment philosophy of Business- Management-Valuation (BMV) framework which aims to scout for companies with superior and sustainable earnings growth potential at reasonable valuations.
- The investment approach of the scheme is benchmark agnostic with large cap bias. It aims to capture the advantages of relatively low volatility of large caps along with high growth potential of mid and small caps.
- The lock-in period makes the Scheme less vulnerable to volatility in cash flows and the fund manager is able to manage the portfolio more efficiently with a relatively longer term perspective.
- The Scheme is suitable for investors who have a long term investment horizon.
