Investors are requested to consult their investment advisor to arrive at an informed investment decision before making any investments.

INTRODUCING…

BARODA BNP PARIBAS SMALL CAP FUND

Baroda BNP PARIBAS MUTUAL FUND

Together for more

Features

The fund will invest more than 65% of the net assets into small cap companies.

The fund aims to build wealth of investors by tapping into companies which have the potential to become leading companies of the future.

The fund will follow a bottom-up stock picking approach.

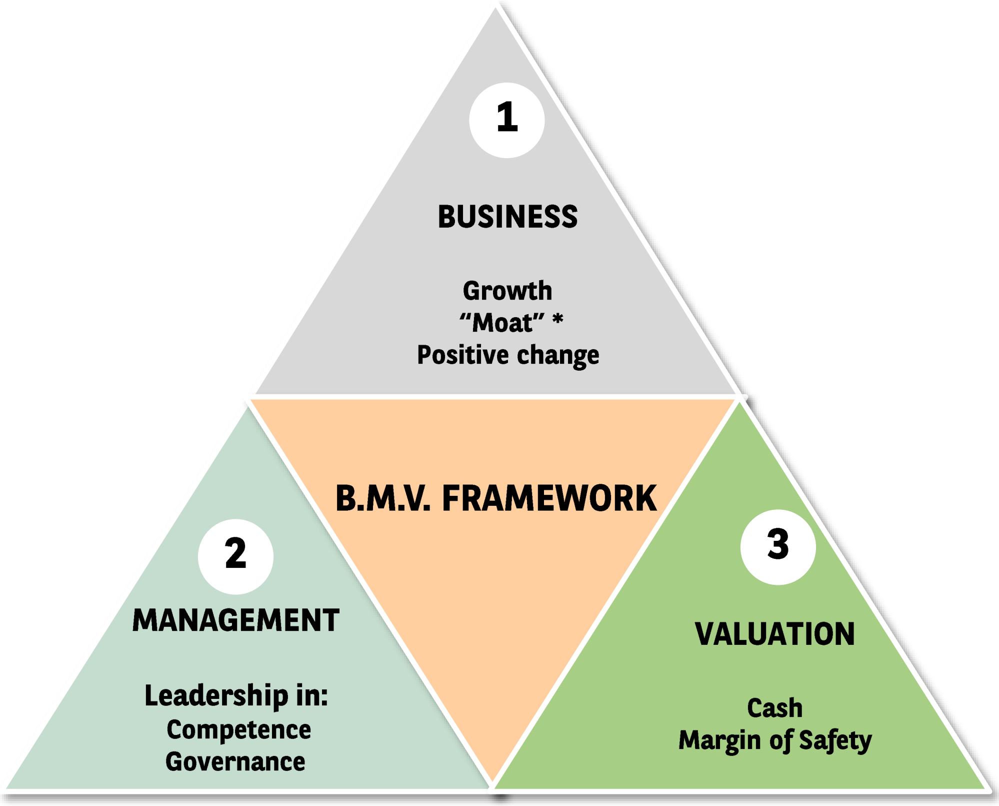
Emphasis will be on selecting companies with strong fundamentals, quality business models and high quality and reputation of management.

The fund will be sector agnostic.

Market Capitalization as per AMFI - Large Cap: 1st - 100th company, Mid Cap: 101st - 250th company and Small Cap: 251st company onwards in terms of full market capitalization. Kindly refer to the Scheme Summary Document (SSD) available on the website (barodabnpparibasmf.in). Investment strategy stated above may change from time to time and shall be in accordance with the investment objective and strategy stated in the SID of the scheme.

Core Belief: Companies create wealth, not markets

In search of companies with superior and sustainable earnings growth



1

BUSINESS

Growth
"Moat" *
Positive change

B.M.V. FRAMEWORK

2

MANAGEMENT

Leadership in:
Competence
Governance

3

VALUATION

Cash
Margin of Safety

Identify superior businesses, with strong management, at reasonable valuations

* A sustainable competitive advantage

B.M.V.: Business, Management, Valuation. Source: Internal Research

Investment strategy stated above may change from time to time and shall be in accordance with the investment objective and strategy stated in the SID of the scheme.

STAR* Framework for Portfolio Construction

Portfolio stocks may fall in one of the following buckets:

S

Scalability

- Strong Business models with ability to grow in scale for multi year period.
- Strong management.

T

Tomorrow's Leaders

- Endeavor to invest in companies which have the ability to become future leaders in their respective niche sectors

A

Alpha Generators

- Companies which are growing faster than the broader market on consistent basis.

R

Right Sectors

- Companies shifting from unorganized to organized sectors.
- Market leaders in niche or upcoming sectors.

*STAR is acronym coined to define the portfolio construction strategy. Investment strategy stated above may change from time to time and shall be in accordance with the investment objective and strategy stated in the SID of the scheme.

Product Positioning (as on July 31, 2026)

- We have increased allocations in financials which is a key overweight for us along with healthcare. In Financials we have increased weight sharply and moved from underweight to overweight for the scheme. We have cut weight in Consumer Discretionary, and slightly in healthcare during the month.
- We are underweight Consumer Discretionary, material, industrials, IT, real estate, Communication Services and energy sector. We have increased our cash position during the month.
- Current portfolio allocation: Small Caps – 73.3%, Mid Caps – 14.4% and Large Caps – 6.2%, Cash – 6.1% (as of July 31, 2026).
- We follow the bottom-up approach in small cap investing which is about identifying the champions of tomorrow.
