### Portfolio Rebalancing:

#### Portfolio rebalancing in case of deviation from asset allocation under Defensive consideration:

The Scheme shall ensure adherence to the above asset allocation under normal circumstances. However, due to market conditions, the AMC may invest beyond the range set out in the asset allocation. Such deviations shall normally be for short term and defensive considerations as per Para 1.14.1.2 (b) of SEBI Master Circular dated June 27, 2024, and the fund manager will rebalance the portfolio within 30 calendar days from the date of deviation. However, at all times the AMC shall ensure that the portfolio would adhere to the overall investment objective of the Scheme.

### Portfolio Rebalancing in case of passive deviation from asset allocation:

In accordance with para 2.9 of SEBI Master Circular dated June 27, 2024, as amended from time to time, the Scheme shall rebalance the portfolio in case of any deviation to the asset allocation mentioned in the Scheme Information Document (SID) due to passive breaches. In the event of deviation from mandated asset allocation mentioned in the SID due to passive breaches (occurrence of instances not arising out of omission and commission of AMCs), the portfolio shall be rebalanced within a period of thirty (30) business days. In case the portfolio of scheme is not rebalanced within the above mandated timelines, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before Investment Committee. The Investment Committee, if so desires, can extend the timelines up to sixty (60) business days from the date of completion of mandated rebalancing period. In case the portfolio of Scheme is not rebalanced within the aforementioned mandated plus extended timelines, AMCs shall:

- i. not be permitted to launch any new scheme till the time the portfolio is rebalanced.
- ii. not to levy exit load, if any, on the investors exiting such scheme(s).

### **B. WHERE WILL THE SCHEME INVEST?**

Subject to SEBI Regulations and other prevailing laws as applicable, the net assets of the Scheme can be invested in any (but not exclusively) of the following securities:

1. Units of Debt oriented mutual fund schemes of Baroda BNP Paribas Mutual Fund;
2. Units of Equity scheme of Baroda BNP Paribas Mutual Fund
3. Units of Gold ETF of Baroda BNP Paribas Mutual Fund
4. Securities created and issued by Governments of India and/or reverse repos in such Government Securities / Treasury Bills as may be permitted by RBI.
5. Securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).
6. Fixed Income Securities of domestic Government agencies and statutory bodies, which may or may not carry a Central/State Government guarantee.
7. Corporate debt and securities (of both public and private sector undertakings) including Bonds, Debentures, etc.
8. Money market securities include Commercial papers, commercial bills, treasury bills, Government securities having an unexpired maturity upto one year, call or notice money, certificate of deposit, usance bill and any other like instruments as specified by the Reserve Bank of India/SEBI from time to time subject to regulatory approvals, if any.
9. Certificate of Deposits (CDs)
10. Commercial Paper (CPs)
11. The non-convertible part of convertible securities.
12. Pass through, pay through or other Participation Certificates, representing interest in a pool assets including receivables.
13. Any other instruments as may be permitted by SEBI from time to time.

The securities mentioned above and such other securities that the Scheme is permitted to invest in could be listed, unlisted, privately placed, secured, unsecured, rated and of any maturity. The securities may be acquired through initial public offerings (IPOs), follow on offers, secondary market operations and private placement, rights offers or negotiated deals.

### **C. WHAT ARE THE INVESTMENT STRATEGIES?**

The Scheme is an actively managed Scheme.

The Scheme seeks to invest in a portfolio of fixed income, equity and gold ETF schemes. The portfolio of funds seeks to build a risk profile similar to a multi asset fund with a conservative risk profile. The fund would invest in the Baroda BNP Paribas Debt, equity and gold funds. The portfolio manager would select scheme or multiple schemes with differential weights based on their views on macro-economic variables, interest rates, credit environment, etc. The fund intends to predominantly invest in debt schemes, thus providing investors a moderate risk investment option.

### **D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?**

The performance of the scheme will be benchmarked to the performance of 60% of Nifty Composite Debt Index + 20% of Nifty 500 TRI + 20% of INR Prices of Gold

The Scheme is being benchmarked against the combination of indices mentioned above, since the composition of the index is broadly in line with the investment objective of the Scheme and is most suited for comparing the performance of the Scheme. It will also enable the investors to arrive at a more informed judgement on scheme performance.

#### Justification for use of benchmark

NIFTY Composite Debt Index measures the performance of various fixed income portfolios covering Government securities, corporate bonds of different credit rating categories, Commercial papers, Certificate of deposits, T-Bills and Overnight rate. The Nifty 500 index represents top 500 companies selected based on full market capitalization from the eligible universe. The Price of Gold represents the exposure to Gold in the portfolio. The composition of the aforesaid benchmark is such that it is most suited for comparing the performance of the scheme. The AMC/Trustees reserve the right to change benchmark in future for measuring performance of the scheme and as per the guidelines and directives issued by SEBI from time to time.

## Part III- OTHER DETAILS

### A. COMPUTATION OF NAV

The Net Asset Value (NAV) per Unit of the options of the Plan(s) under the Scheme will be computed by dividing the net assets of the options of the Plan(s) under the Scheme by the number of Units outstanding under the options of the Plan(s)

## SCHEME INFORMATION DOCUMENT

under the Scheme on the valuation date. The Mutual Fund will value its investments according to the valuation norms, as specified in Schedule VIII of the SEBI (MF) Regulations, or such norms as may be specified by SEBI from time to time. In case of any conflict between the Principles of Fair Valuation and valuation guidelines specified by SEBI, the Principles of Fair Valuation shall prevail.

The NAV of the units under each option of the Plan(s) under the Scheme shall be calculated as shown below:

$$\text{NAV per Unit (Rs.)} = \frac{\text{Market or Fair Value of the Plan's Investments} + \text{Current Assets} - \text{Current Liabilities and Provisions}}{\text{No. of Units outstanding under each option of the Plan(s) under the Scheme}}$$

NAV	Closing NAV per Unit	10.0294

The NAV of the units under each option of the Plan(s) under the Scheme will be calculated and declared on each Business Day. Separate NAVs will be calculated and announced for each of the Plan(s) & option(s) under the Scheme. The NAVs will be rounded off up to 4 decimal places for the Scheme. The units will be allotted up to 3 decimal places.

Valuation of the scheme's assets, calculation of the scheme's NAV and the accounting policies & standards will be subject to such norms and guidelines that SEBI may prescribe from time to time and shall be subject to audit on an annual basis.

Pursuant to Regulation 49 (3), the repurchase Price of the units of an open ended scheme will not be lower than 97% of the NAV. Any imposition or enhancement of Load in future shall be applicable on prospective investments only

For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc, kindly refer SAI.

The AMC will calculate and disclose the first NAV of the Plan(s) not later than 5 Business Days from the allotment of units of the respective Plan(s). Subsequently, the NAV of the Scheme will be calculated and disclosed as of the close of every Business Day. Separate NAVs will be calculated and disclosed for each of the options of the Plan(s) under the Scheme.

## SCHEME INFORMATION DOCUMENT

Since this Scheme invests predominantly in underlying funds, in the NAV of the Scheme will be based on the NAV of the Underlying Fund. Since the NAV of the Underlying Fund would normally be declared on the next business day, the Scheme will declare the NAV of the Scheme on the next Business Day, based on the NAV of the Underlying Funds.

For other details such as policies w.r.t computation of NAV, rounding off, procedure in case of delay in disclosure of NAV etc. refer to SAI.

### FEES AND EXPENSES

This section outlines the expenses that will be charged to the respective Plan(s) under the Scheme and any other expenses if any, to be borne by the investors. The information provided under this Section seeks to assist the investor in understanding the expense structure of the Plan(s) and types of different fees / expenses and their percentage the investor is likely to incur on purchasing and selling the Units of the Plan(s).

#### **B. NEW FUND OFFER (NFO) EXPENSES**

This section does not apply to the Scheme, as the ongoing offer of the Scheme has commenced after the NFO, and the Units are available for continuous subscription and redemption.

#### **C. ANNUAL SCHEME RECURRING EXPENSES**

These are the fees and expenses for operating the Scheme. These expenses include but are not limited to Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer agents' fees & expenses, marketing and selling costs etc.

The AMC has estimated that upto 2.00% of the daily average net assets of the scheme will be charged to the scheme as expenses as permitted under Regulation 52 of SEBI (MF) Regulations. For the actual current expenses being charged, the investor should refer to the website of the Fund

Additional expenses under regulation 52 (6A) (c) <sup>**</sup>	Upto 0.05%

<sup>#</sup> The same shall be calculated as weighted average of the total expense ratio levied by the Underlying Fund.

<sup>##</sup> Provided that the total expense ratio to be charged over and above the weighted average of the total expense ratio of the Underlying Funds shall not exceed two times the weighted average of the total expense ratio levied by the Underlying Funds.

<sup>^</sup> Expenses charged under the said parameters shall be in line with the Regulation 52 of SEBI (MF) Regulations or such other basis as specified by SEBI from time to time.

## SCHEME INFORMATION DOCUMENT

Investors are requested to note that being a fund of fund scheme, they will be bearing the recurring expenses of the fund of funds Scheme, in addition to the expenses of Underlying Funds in which the fund of funds scheme makes investments.

Further, the Direct Plan shall have a lower expense ratio excluding distribution expenses, commission etc. since no commission shall be paid from this plan. Further, all fees and expenses charged in the Direct Plan (in percentage terms) under various heads including the Investment Management and Advisory Fee shall not exceed the fees and expenses charged under such heads in the Regular Plan.

As per Para 10.1.7 of SEBI Master Circular for Mutual Funds dated June 27, 2024, in case of all schemes, wherein exit load is not levied / not applicable, the AMC will not be eligible to charge the above mentioned additional expenses for such schemes

Further, the following costs or expenses shall be charged to the Scheme (in addition to the limits specified as per Regulation 52(6) (a) (ii) of SEBI (MF) Regulations):

- (a) \*\*additional expenses under Regulation 52(6A) (c) at 0.05%;  
In accordance with para 10.1.7 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024,, AMC shall not charge any additional expense of upto 0.05% as per Regulation 52(6A) (c), if exit load is not being levied under the Scheme.
- (b) The AMC may charge GST on investment management and advisory service fees ('AMC Fees') which shall be borne by the Scheme in addition to the total expense ratio mentioned in table above;
- (c) @Brokerage and transaction costs which are incurred for the purpose of execution of trade shall be charged to the Scheme, not exceeding 0.12% in case of cash market transactions and 0.05% in case of derivative transactions;

Any payment towards brokerage and transaction costs, over and above the said 12bps and 5bps for cash market and derivatives transactions respectively, shall be charged to the Scheme within the total recurring expenses limit specified under Regulation 52 of SEBI Mutual Fund Regulations, 1996. Any expenditure in excess of the said limit will be borne by the AMC/Trustees/Sponsors.

The total expenses charged to the scheme shall be the maximum limit of TER as prescribed under regulation 52. Investors should note that the total expense ratio of the scheme excluding issue or redemption expenses, whether initially borne by the Mutual Fund or by the AMC, but including the investment management and advisory fee, shall not exceed the limits as prescribed under Regulation 52 of the SEBI Regulations. The AMC will charge the Scheme such actual expenses incurred, subject to the statutory limit prescribed in the Regulations.

These estimates have been made in good faith as per the information available to the Investment Manager based on past experience and are subject to change inter-se. Types of expenses charged shall be as per SEBI Regulations. The purpose of the above table is to assist the investor in understanding the various costs and expenses that an investor in the scheme will bear directly or indirectly.

For the actual current expenses being charged, the investor should refer to the website of the mutual fund at the following link <<https://www.barodabnp-paribasmf.in/downloads/total-expense-ratio-of-mutual-fund-schemes>>. Any change proposed to the current expense ratio will be updated on the website and communicated to the investors via e-mail or SMS at least three working days prior to the effective date of the change (in accordance with para 10.1.8 of SEBI Master circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024).

Further, the disclosure of the expense ratio on a daily basis shall also be made on the website of AMFI viz. [www.amfiindia.com](http://www.amfiindia.com).

The AMC shall adhere to paragraph 10.1.12 of SEBI Master circular for Mutual Funds dated June 27, 2024 and various guidelines specified by SEBI as amended from time to time, with reference to charging of fees and expenses.

Accordingly:

- a. All scheme related expenses including commission paid to distributors, shall be paid from the Scheme only within the regulatory limits and not from the books of the AMC, its associates, sponsor, trustee or any other entity through any route. Provided that, such expenses that are not specifically covered in terms of Regulation 52 (4) can be paid out of AMC books at actual or not exceeding 2 bps of the Scheme AUM, whichever is lower.
- b. The Fund / the AMC shall adopt full trail model of commission in the Scheme, without payment of any upfront commission or upfronting of any trail commission, directly or indirectly, in cash or kind, through sponsorships, or any other route.

c. All fees and expenses charged in a Direct Plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in Regular Plan.

d. No pass back, either directly or indirectly, shall be given by the Fund / the AMC / Distributors to the investors.

#### An Illustration of impact of expense ratio on Scheme's returns:

If an investor A invests in a regular plan of a Scheme with an expense of 2% p.a. and an investor B invests in Direct Plan of the same scheme with an expense of 1% p.a. Assuming the gross return of this fund is 10% for that given year, investor A will make a return of 8% (post expense) for that year, whereas investor B will make 9% return for same period.

Also, please take a look at below illustration which shows impact of different expense ratio:

Particulars	Regular Plan	Direct Plan
Amount Invested at the beginning of the year	10,000	10,000
Returns before Expenses (@15%pa)	1,500	1,500
Expenses other than Distribution Expenses	150	150
Distribution Expenses	50	-
Returns after Expenses at the end of the Year	1,300	1350
% Returns on Investment (Post Expenses)	13%	13.5%

Note:

- The purpose of the above illustration is to purely explain the impact of expense ratio charged to the Scheme and should not be construed as providing any kind of investment advice or guarantee of returns on investments, without considering any impact due to taxation.
- Investors are requested to note that NAV declaration made by AMC/Mutual Fund on every business day is net of expenses, and consequently scheme performance disclosures made by Mutual Fund, which are based on NAV values of the scheme are also net of expenses but does not consider impact of load and taxes, if any.

#### D. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to subscribe to the units or to redeem the units from the scheme. (This amount is used by the AMC to pay commissions to the distributor and to take care of other marketing and selling expenses.)

Load amounts are variable and are subject to change from time to time. For the current applicable structure please refer to the website of the AMC ([www.barodabnpparibasmf.in](http://www.barodabnpparibasmf.in)) or call on the number, 1800-2670-189 or may call your distributor.

Type of Load	Load chargeable (as %age of NAV)
Exit load	-For redemption/switch out of units within 1 year from the date of allotment: 1.00% of applicable NAV; -No Exit Load is payable if Units are redeemed / switched-out after 1 year from the date of allotment.

The above load shall also be applicable for switches between the schemes of the Fund and all Systematic Investment Plans, Systematic Transfer Plans, Systematic Withdrawal Plans. No load will be charged units allotted upon reinvestment of Income Distribution cum Capital Withdrawal (i.e. dividend re-investment units) and bonus units.

No exit load shall be levied for switch from Regular Plan to Direct Plan or vice versa. However, any subsequent redemption of such investment or switch-out to any other scheme shall be subject to applicable exit load based on the original date of investment into the Scheme.

The exit load charged, net of Goods and Services Tax (GST), if any, shall be credited to the Scheme.

For any change in load structure, the AMC will issue an addendum and display it on the website/ISCs.

#### E. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme. In case the Scheme does not have a minimum of 20 investors in the stipulated period, the provisions of

Regulation 39(2)(c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme shall be wound up and the units would be redeemed at applicable NAV. The two conditions mentioned above shall also be complied within each subsequent calendar quarter thereafter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days' notice to redeem his exposure over the 25% limit. Failure on the part of the said investor to redeem his exposure over the 25% limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

## Section II

### I. INTRODUCTION

#### A. DEFINITION/INTERPRETATION

Investors may refer to <https://www.barodabnpparibasmf.in/assets/pdf/Definitions.pdf> for definitions/interpretations.

#### B. RISK FACTORS

##### I. Scheme Specific Risk Factors

INVESTORS MAY PLEASE NOTE THAT THEY WILL BE BEARING THE RECURRING EXPENSES OF THE RELEVANT FUND OF FUNDS SCHEME IN ADDITION TO THE EXPENSES OF THE UNDERLYING FUND IN WHICH THE FUND OF FUNDS SCHEME MAKES INVESTMENT.

##### II. The other Scheme specific risk factors are summarized as follows:

- Investments in underlying schemes will have all the risks associated with such schemes including performance of underlying securities, derivative investments, securities lending, changes in credit rating, trading volumes, settlement periods, price/interest rate risk, volatility & liquidity in money markets, basis risk, spread risk, re-investment risk, etc.
- The investors should refer to the Scheme Information Documents and the related addendum for the scheme specific risk factors and special consideration of the respective Underlying Schemes.
- Since the Scheme proposes to invest in underlying schemes, the Scheme's performance will depend upon the performance of the underlying schemes and any significant underperformance in even one of the underlying schemes may adversely affect the performance of the Scheme.
- Any change in the investment policies or the fundamental attributes of the underlying schemes may affect the performance of the Scheme.
- The investors of the Scheme shall bear the recurring expenses of the Scheme in addition to the expenses of the underlying schemes. Hence the investor under the Scheme may receive lower pre-tax returns than what they may receive if they had invested directly in the underlying schemes in the same proportions.
- The Portfolio disclosure of the Scheme will be limited to providing the particulars of the underlying schemes where the Scheme has invested and will not include the investments made by the underlying schemes.
- The Portfolio rebalancing may result in higher transaction costs.
- The Scheme's performance may be impacted by exit loads or other redemption charges that may be charged at the time of redemption from the Underlying Schemes. Since the incidence of exit loads on investments made by the Scheme in Underlying Schemes of the Fund is based on first-in, first-out principle, it is anticipated that the impact of such exit loads/redemption charges could be minimal during the normal course of functioning of the Scheme.
- In the event of receipt of an inordinately large number of redemption requests and inability of the Underlying Scheme(s) to generate enough liquidity because of market conditions, there may be delays in redemption of units.

##### Market Risk:

All mutual funds and securities investments are subject to market risk and there can be no assurance / guarantee that the scheme's objectives will be achieved. The securities that the scheme invests in would be exposed to price changes on a day-to-day basis. These price changes may occur due to instrument-specific factors as well as general macroeconomic conditions. Markets are volatile and can decline significantly in response to adverse issuer, political, regulatory, market or economic developments. The scheme may be subject to price volatility due to factors such as interest sensitivity, market perception, and creditworthiness of issuer and market liquidity. Different parts of the market can react differently to these developments. The value of an individual security or particular type of security can be more volatile than the market as a whole and can perform differently from the value of the market as a whole.

### Risks associated with investing in fixed income securities:

1. Credit and Counterparty risk: Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security or honor its contractual obligations).

Counterparty risk refers to the counterparty's inability to honor its commitments (payment, delivery, repayment, etc.) and to risk of default. This risk relates to the quality of the counterparty to which the scheme has exposures. Losses can occur in particular for the settlement/delivery of financial instruments or the conclusion of financial derivatives contracts.

The value of a fixed income security will fluctuate depending upon the changes in the perceived level of credit and counterparty risk as well as any actual event of default. Changes in financial conditions of an issuer, changes in economic and political conditions in general, or changes in economic or and political conditions specific to an issuer, all of which are factors that may have an adverse impact on an issuer's credit quality and security value.

2. Liquidity Risk: The liquidity of the scheme's investment is inherently restricted by trading volumes in the securities in which the scheme invests.

A lower level of liquidity affecting an individual security or an entire market at the same time, may have an adverse bearing on the value of the scheme's assets. More importantly, this may affect the Fund's ability to sell particular securities quickly enough to minimise impact cost, as and when necessary to meet requirements of liquidity or to sell securities in response to triggers such as a specific economic/corporate event.

Trading volumes, settlement periods and transfer procedures may restrict the liquidity of a few or all of the investments and may affect the liquidity of the investments of the scheme.

The scheme may be unable to implement purchase or sale decisions when the markets turn illiquid, missing some investment opportunities or limiting ability to face redemptions. The lack of liquidity could also lead to the risk that the sale price of a security could be substantially lower than the fair value of the security.

3. Interest Rate Risk & Re-investment Risk: The value of an investment may be affected by interest rate fluctuations. Interest rates may be influenced by several elements or events, such as monetary policy, the discount rate, inflation, etc. The value of debt and fixed income securities held by the Scheme generally will vary inversely with the changes in prevailing interest rates. In general, price of debt and fixed income securities go up when interest rates fall, and vice versa. Securities of any issuer that has higher duration could be riskier in terms of price movements relative to those with lower duration. Thus, any impact of interest rate changes would be higher on securities with higher duration irrespective of the status of the issuer of the security. The investments made by the Scheme are subject to reinvestment risk. This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
4. Sovereign risk: The Central Government of India is the issuer of the local currency debt in India. The Government raises money to meet its capital and revenue expenditure by issuing debt or discounted securities. Since payment of interest and principal amount has a sovereign status implying least probability of a default, such securities are known as securities with sovereign credit. It also implies that the credit risk on such Government securities is even lower than that on non-government securities with "AAA" rating and hence yields on government securities are even lower than yields on non-government securities with "AAA" rating.
5. Concentration Risk:  
The Scheme may pursue only a limited degree of diversification. It may invest in a limited number of securities or invest a greater proportion of assets in the securities of very few issuers (within the limits permitted by regulation) or be concentrated on a few market sectors as compared to a diversified scheme. The scheme is also expected to have higher market liquidity risk on account of concentration. This could have implications on the performance of the scheme. The scheme may be more sensitive to economic, business, political or other changes and this may lead to sizeable fluctuation in the Net Asset Value of the scheme.

### III. Risk Factors related to Underlying Schemes

BARODA BNP PARIBAS MULTI ASSET ACTIVE Fund of Funds will invest in units of Debt-oriented schemes, Equity Schemes

and Gold ETF. Hence, scheme specific risk factors and the positioning of the Underlying Schemes will be applicable.

All risks associated with Underlying Schemes, including performance of their underlying securities (equity, debt & Gold), derivative instruments, stock-lending, investments in foreign securities etc., will therefore be applicable in the case of this Scheme.

The investors should refer to the Scheme Information Documents and the related addenda for the scheme specific risk factors of the respective Underlying Schemes.

Investors who intend to invest in the Scheme are required to and deemed to have understood the risk factors of the Underlying Schemes. b) Movements in the Net Asset Value (NAV) of the Underlying Schemes may impact the performance of the Scheme.

Any change in the investment policies or fundamental attributes of the Underlying Schemes will affect the performance of the Scheme. c) The investors of the Scheme shall bear the recurring expenses of the Scheme in addition to the expenses of the Underlying Schemes (subject to regulatory limits). Hence the investor under the Scheme may receive lower pre-tax returns than what they may receive if they had invested directly in the Underlying Schemes in the same proportions. Further, expenses charged being dependent on the structure and weightage of the underlying schemes, may lead to non-uniform charging of expenses over a period of time. d) The Portfolio disclosure / Factsheet of this Scheme will be limited to providing the particulars of the allocation to the Underlying Schemes where the Scheme has invested and will not include the investments made by the Underlying Schemes. Investors may refer to the portfolios of the relevant underlying schemes for details. e) Redemptions by the Scheme from the Underlying Schemes would be subject to applicable exit loads, which may impact performance of the Scheme. f) Switch-out from an Underlying Scheme and Switch in to another Underlying Scheme will be subject to the provisions of applicability of NAV as also the payout and pay-in cycles applicable to redemption / purchase under the relevant schemes. In times of extreme volatility, this may have impact on the NAV of the Scheme, particularly at the time of portfolio rebalancing. Purchase of units in underlying schemes will attract applicable stamp duty. A Fund Manager managing any one of the Fund of Funds schemes may also be the Fund Manager for the underlying schemes.

#### **Risks associated with investing in equity and equity related instruments:**

Investments in equity and equity related instruments are volatile and prone to price fluctuations on a daily basis. The impact of fluctuations is likely to be accentuated for short-term investments. The risk that the performance of one or more companies declines or stagnates may have a negative impact on the performance of the Scheme as a whole at any given time. Investments in equity and equity related instruments involve a degree of risk and investors should not invest in the Scheme unless they can afford to take the risks.

Equity and Equity Related Instruments listed on the stock exchange carry lower liquidity risk however the Scheme's ability to sell these investments is limited by the overall trading volume on the stock exchanges.

In certain cases, settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme's portfolio may result, at times, in potential losses to the Scheme, should there be a subsequent decline in the value of securities held in the Scheme's portfolio.

Risks associated with investing in mutual fund units:

To the extent of the investments in units of mutual funds, the risks associated with investing in such funds like market risk, credit & default risk, liquidity risk, redemption risk including the possible loss of principal; etc. will exist.

#### **Risk Factors associated with Investments in Derivatives:**

The Scheme(s) may use various derivative instruments and techniques, permitted within SEBI (Mutual Funds) Regulations, 1996 from time to time including but not limited for portfolio balancing and hedging purpose, which may increase the volatility of Scheme's performance. Usage of derivatives will expose the Scheme(s) to certain risks inherent to such derivatives.

Derivative products are specialized instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies. The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments.

The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. There is a possibility that a loss may be sustained by the Scheme(s) as a result of the failure of another party (usually referred to as the “counterparty”) to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, interest rates and indices. Even a small price movement in the underlying instrument could have a large impact on their value. This could increase the volatility of the Scheme’s performance.

In case of hedge, it is possible that derivative positions may not be perfectly in line with the underlying assets they are hedging. As a consequence, the derivative cannot be expected to perfectly hedge the risk of the underlying assets. This also increases the volatility of the Scheme’s performance. Some of the risks inherent to derivatives investments include:

1. **Price Risk:** Despite the risk mitigation provided by various derivative instruments, there remains an inherent price risk which may result in losses exceeding actual underlying.
2. **Default Risk:** This is the risk that losses will be incurred due to default by counter party. This is also known as credit risk or counterparty risk.
3. **Basis Risk:** This risk arises when the derivative instrument used to hedge the underlying asset does not match the movement of the underlying being hedged for e.g., mismatch between the maturity date of the futures and the actual selling date of the asset.
4. **Limitations on upside:** Derivatives when used as hedging tool can also limit the profits from a genuine investment transaction.
5. **Liquidity risk:** This risk pertains to how saleable a security is in the market. All securities/instruments irrespective of whether they are equity, bonds or derivatives may be exposed to liquidity risk (when the sellers outnumber buyers) which may impact returns while exiting opportunities.
6. **Execution Risk:** The prices which are seen on the screen need not be the same at which execution will take place.

#### **Risk factors associated with investment in Tri-Party Repo:**

The mutual fund is a member of securities segment and Triparty Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus, reducing the settlement and counterparty risks considerably for transactions in the said segments. The members are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL). As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members. Thus, the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member). CCIL shall maintain two separate Default Funds in respect of its Securities Segment, one with a view to meet losses arising out of any default by its members from outright and repo trades and the other for meeting losses arising out of any default by its members from Triparty Repo trades. The mutual fund is exposed to the extent of its contribution to the default fund of CCIL, in the event that the contribution of the mutual fund is called upon to absorb settlement/default losses of another member by CCIL, as a result the scheme may lose an amount equivalent to its contribution to the default fund.

#### **Risks associated with segregated portfolio:**

- Investor holding units of segregated portfolio may not able to liquidate their holding till the time recovery of money from the issuer.
- Security comprises of segregated portfolio may not realise any value.
- Listing of units of segregated portfolio in recognized stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.
- Trading in the units of segregated portfolio on the Exchange may be halted because of market conditions, including any halt in the operations of Depository Participants or for reasons that in view of the Exchange Authorities or SEBI, trading in the units is suspended and / or restricted. In addition, trading in units is subject to trading halts caused by extraordinary market volatility and pursuant to stock exchange necessary to maintain the listing of units of scheme will continue to be met or will remain unchanged.

**Other Risks:**

- Risk associated with inflation: Over time, yields of short-term investments may not keep pace with inflation, leading to a reduction in an investment's purchasing power.
- Legal risk: The scheme may be affected by the actions of government and regulatory bodies. Legislation could be imposed retrospectively or may be issued in the form of internal regulations which the public may not be aware of. Legislation (including legislation relating to tax) or regulation may be introduced which inhibits the scheme from pursuing their strategies or which renders an existing strategy less profitable than anticipated. Such actions may take any form, for example nationalization of any institution or restrictions on investment strategies in any given market sector or changing requirements and imposed without prior warning by any regulator.
- Taxation risk: The value of an investment may be affected by the application of tax laws, including withholding tax, or changes in government or economic or monetary policy from time to time. As such, no guarantee can be given that the financial objectives will actually be achieved. The tax information described in this Scheme Information Document (SID) is as available under the prevailing taxation laws. This could be changed at any moment by regulation. Further, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the scheme will endure indefinitely.
- Valuation risk: This risk relates to the fact that markets, in specific situations and due to lack of volumes of transactions, do not enable an accurate assessment of the fair value of invested assets. In such cases, valuation risk represents the possibility that, when a financial instrument matures or is sold in the market, the amount received is less than anticipated, incurring a loss to the portfolio and therefore impacting negatively the NAV of the scheme.
- Operational Risk: Operational risk addresses the risk of trading and back office or administration issues that may result in a loss to the Scheme. This could be the result of oversight, ineffective securities processing procedures, computer systems problems or human error. There could also be risk associated with grouping of orders. For instance, at the time of placing the trades, the fund manager shall group orders on behalf of all schemes managed by him, provided it is unlikely to be detrimental overall for any of the schemes whose orders have been included. However, such grouping may have a detrimental effect to the scheme compared to the execution of an individual order for the scheme.

Risk factors associated with processing of transaction in case of investors investing in mutual fund units through Stock Exchange Mechanism: The trading mechanism introduced by the stock exchange(s) is configured to accept and process transactions for mutual fund units in both Physical and Demat Form. The allotment and/or redemption of Units through NSE and/or BSE or any other recognized stock exchange(s), on any Business Day will depend upon the modalities of processing viz. collection of application form, order processing / settlement, etc. upon which the Fund and the AMC have no control. Moreover, transactions conducted through the stock exchange mechanism shall be governed by the operating guidelines and directives issued by respective recognized stock exchange(s) upon which the Fund and the AMC have no control. Accordingly, there could be negative impacts to the investors such as delay or failure in allotment / redemption of Units. The Fund and the AMC are not responsible for the negative impacts.

**Tracking Error Risk:**

The Fund Manager would not be able to invest the entire corpus exactly in the same proportion as in the underlying index due to certain factors such as the fees and expenses of the Scheme, corporate actions, cash balance and changes to the underlying index and regulatory restrictions, lack of liquidity which may result in Tracking Error. Hence it may affect AMC's ability to achieve close correlation with the underlying index of the Scheme. The Scheme's returns may therefore deviate from its underlying index. "Tracking Error" is defined as the standard deviation of the difference between daily returns of the underlying index and the NAV of the Scheme. The Fund Manager would monitor the Tracking Error of the Scheme on an ongoing basis and would seek to minimize the Tracking Error to the maximum extent possible.

**Tracking Difference:** The tracking difference i.e. the annualized difference of daily returns between the index and the NAV of the Scheme will be disclosed on the website of the AMC and AMFI, on a monthly basis, for tenures 1 year, 3 year, 5 year, 10 year and since the date of allotment of units.

The annualized tracking difference averaged over one year period shall not exceed 1.25%. In case the average annualized tracking difference over one year period for the Scheme is higher than 1.25%, the same will be brought to the notice of trustees with corrective actions taken by the AMC, if any

**Risk control measures**

Since investing requires disciplined risk management, the AMC would incorporate adequate safeguards for controlling risks in the portfolio construction process. The investors should note that these risks cannot be diffused. However, as part of our due diligence, we have chosen funds, which have long term performance track record, stability of fund management team.

## SCHEME INFORMATION DOCUMENT

For investments in fixed income instruments, a credit evaluation of each investment opportunity will be undertaken to manage credit risk. The AMC will utilise ratings of recognised rating agencies as an input in the decision making process. The fund manager shall follow the asset allocation pattern in SID under normal circumstances and residual cash may be invested in the tri-party repo on Government Securities or treasury bills / repo market, units of mutual fund which seeks to ensure liquidity in the scheme under normal circumstances. There can however be no guarantee against liquidity risk within the scheme.

The AMC may also implement certain internal control procedures / risk & exposure limits etc. for controlling risks which may be varied from time to time.

The above risk control measures shall be implemented by the AMC on best effort basis however there can be no guarantee that such measures can completely mitigate the risks involved in Scheme.

## II. INFORMATION ABOUT THE SCHEME

### A. WHERE WILL THE SCHEME INVEST?

Subject to SEBI Regulations and other prevailing laws as applicable, the net assets of the Scheme can be invested in any (but not exclusively) of the following securities:

1. Units of Debt Oriented Schemes of Baroda BNP Paribas Mutual Fund;
2. Units of Equity schemes of Baroda BNP Paribas Mutual Fund;
3. Units of Gold ETF of Baroda BNP Paribas Mutual Fund
4. Money market securities include Commercial papers, commercial bills, treasury bills, Government securities having an unexpired maturity upto one year, call or notice money, certificate of deposit, usance bill and any other like instruments as specified by the Reserve Bank of India/SEBI from time to time subject to regulatory approvals, if any.
5. The Scheme may also invest a certain portion of its corpus in money market instruments and/or units of Mutual Fund, in order to meet liquidity requirements from time to time.
6. Money market instruments including bonds, debentures, treasury bills, commercial paper of public sector undertakings and private sector corporate entities, reverse repurchase obligation in government securities and treasury bills (the scheme presently doesn't intend to invest in reverse repurchase agreement in corporate debt securities), certificate of deposit of scheduled commercial banks and development financial institutions, Tri-party repo on Government Securities or treasury bills, bills of exchange / promissory notes of corporate entities, government securities etc. with unexpired maturity of one year or less and other money market securities as may be permitted by SEBI/RBI regulations.

#### 7. Debt & Money Market Instruments:

1. Certificate of Deposits (CD) – CD is a negotiable money market instrument issued by scheduled commercial banks and select all-India Financial Institutions that have been permitted by the RBI to raise short term resources. The maturity period of CDs issued by the Banks is between 7 days to one year, whereas, in case of FIs, maturity is between one year to 3 years from the date of issue. CDs may be issued at a discount to face value.

2. Commercial Paper (CP) -CP is an unsecured negotiable money market instrument issued in the form of a promissory note, generally issued by the corporates, primary dealers and all India Financial Institutions as an alternative source of short term borrowings. They are issued at a discount to the face value as may be determined by the issuer. CP is traded in the secondary market and can be freely bought and sold before maturity.

3. Securities issued by the Central and State Governments as may be permitted by RBI, securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills). Central Government securities are sovereign debt obligations of the Government of India with zero-risk of default and issued on its behalf by RBI. They form part of Government's annual borrowing programme and are used to fund the fiscal deficit along with other short term and long term requirements. Such securities could be fixed rate, fixed interest rate with put/call option, zero coupon bond, floating rate bonds, capital indexed bonds, fixed interest security with staggered maturity payment etc. State Government securities are issued by the respective State Government in co-ordination with the RBI.

4. Treasury Bills (T-Bills) are issued by the Government of India to meet their short term borrowing requirements. T-Bills are issued for maturities of 91 days, 182 days and 364 days. T-bills are issued at a discount to their face value and redeemed at par.

5. Repos/reverse repos in Government Securities as may be permitted by RBI (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills). Repo (Repurchase Agreement) or Reverse Repo is a transaction in which two parties agree to sell and purchase the same security with an agreement to purchase or sell the same security at a mutually decided future date and price.

6. Triparty Repo (TREPS) – "Triparty repo" means a repo contract where a third entity (apart from the borrower and lender), called a Tri-Party Agent, acts as an intermediary between the two parties to the repo to facilitate services like collateral selection, payment and settlement, custody and management during the life of the transaction. TREPS facilitates, borrowing and lending of funds, in Triparty Repo arrangement.

7. Debt securities of domestic Government agencies and statutory bodies, which may or may not carry a Central/State Government guarantee – These are instruments which are issued by various government agencies and bodies. They can be issued at discount, par or premium.

8. Corporate debt and securities (of both public and private sector undertakings) including Bonds, Debentures, Notes, Strips etc. These are instruments issued by corporate entities for their business requirements. They are generally rated by credit rating agencies, higher the rating lower the risk of default.

9. Money market instruments permitted by SEBI/RBI, including TREPS (Tri-Party Repo) market or in alternative investment for the TREPS market as may be provided by the RBI to meet the short term liquidity requirements.

10. The non-convertible part of convertible securities – Convertible securities are securities which can be converted from Debt to Equity shares. The non-convertible part cannot be converted into Equity shares and work like a normal debt instrument.

8. Investment in Short Term Deposits – Pending deployment of funds as per the investment objective of the Scheme, the Funds may be parked in short term deposits of the Scheduled Commercial Banks, subject to guidelines and limits specified by SEBI.

9. Pass through Certificate (PTC) (Pay through or other Participation Certificates) represents beneficial interest in an underlying pool of cash flows. These cash flows represent dues against single or multiple loans originated by the sellers of these loans. These loans are given by banks or financial institutions to corporates. PTCs may be backed, but not exclusively, by receivables of personal loans, car loans, two wheeler loans and other assets subject to applicable regulations.

Any other like instruments as may be permitted by RBI/SEBI/ such other Regulatory Authority from time to time. The securities mentioned above could be listed or to be listed, secured or unsecured, and of varying maturity, as enabled under SEBI (MF) Regulations/circulars/ RBI. The securities may be acquired through Initial Public Offerings (IPOs), secondary market operations, private placement, rights offers or negotiated deals.

### **Position of debt & money market in India**

The Indian debt market is today one of the largest in Asia and includes securities issued by the Government (Central & State Governments), public sector undertakings, other government bodies, financial institutions, banks and corporates. Government and public sector enterprises are the predominant borrowers in the markets. The major players in the Indian debt markets today are banks, financial institutions, mutual funds, insurance companies, primary dealers, trusts, pension funds and corporates. The Indian debt market is the largest segment of the Indian financial markets. The debt market comprises broadly two segments, viz. Government Securities market or G-Sec market and corporate debt market. The latter is further classified as market for PSU bonds and private sector bonds.

The G-Sec market is the oldest and the largest component of the Indian debt market in terms of market capitalization, outstanding securities and trading volumes. The G-Sec market plays a vital role in the Indian economy as it provides the benchmark for determining the level of interest rates in the country through the yields on the Government Securities which are referred to as the risk-free rate of return in any economy. Over the years, there have been new products introduced by the RBI like zero coupon bonds, floating rate bonds, inflation indexed bonds, etc.

The corporate bond market, in the sense of private corporate sector raising debt through public issuance in capital market, is only an insignificant part of the Indian Debt Market. A large part of the issuance in the non-Government debt market is currently on private placement basis.

## SCHEME INFORMATION DOCUMENT

The money markets in India essentially consist of the call money market (i.e. market for overnight and term money between banks and institutions), repo transactions (temporary sale with an agreement to buy back the securities at a future date at a specified price), commercial papers (CPs, short term unsecured promissory notes, generally issued by corporates), certificate of deposits (CDs, issued by banks) and Treasury Bills (issued by RBI). In a predominantly institutional market, the key money market players are banks, financial institutions, insurance companies, mutual funds, primary dealers and corporates. In money market, activity levels of the Government and nongovernment debt vary from time to time. Instruments that comprise a major portion of money market activity include but not limited to:

- Overnight Call
- Tri-party repo on Government Securities or treasury bills (TREPS).
- Repo/Reverse Repo Agreement
- Treasury Bills
- Government securities
- Commercial Paper
- Certificate of Deposit

Apart from these, there are some other options available for short tenure investments that include MIBOR linked debentures with periodic exit options and other such instruments. Though not strictly classified as money market instruments, PSU / DFI / corporate paper with a residual maturity of < 1 year, are actively traded and offer a viable investment option. The market has evolved in past 2-3 years in terms of risk premia attached to different class of issuers. Bank CDs have clearly emerged as popular asset class with increased acceptability in secondary market. PSU banks trade the tightest on the back of comfort from majority government holding. Highly rated manufacturing companies also command premium on account of limited supply. However, there has been increased activity in papers issued by private/foreign banks/NBFCs/companies in high-growth sector due to higher yields offered by them. Even though companies across these sectors might have been rated on a same scale, the difference in the yield on the papers for similar maturities reflects the perception of their respective credit profiles.

Instruments	Current yield as on October 31, 2025 (% per annum)
TREPS	5.50-5.75
3M T-Bill	5.40-5.50
1 Y T-Bill	5.55-5.60
10 Y G Sec	6.50-6.60
3M PSU Bank CD	5.95-6.05
3M NBFC CP	6.40-6.50
1 Y PSU Bank CD	6.40-6.50
1 Y NBFC CP	6.75-6.85
1Y Manufacturing Company CP	6.50-6.60
5 Y AAA Institutional Bond	6.80-6.85
10 Y AAA Institutional Bond	7.10-7.15

These yields are indicative and do not indicate yields that may be obtained in future as interest rates keep changing consequent to changes in macro-economic conditions and RBI policy. The price and yield on various debt instruments fluctuate from time to time depending upon the macro economic situation, inflation rate, overall liquidity position, foreign exchange scenario etc. Also, the price and yield vary according to maturity profile, credit risk etc.

### B. WHAT ARE THE INVESTMENT RESTRICTIONS?

Pursuant to the SEBI Regulations, the following investment restrictions are applicable to the Scheme:

- In accordance with Para 12.8 of SEBI Master Circular on Mutual Funds dated June 27, 2024 & as amended from time to time, the Scheme shall not invest more than:
  - a. 10% of its NAV in debt and money market securities rated AAA; or
  - b. 8% of its NAV in debt and money market securities rated AA; or
  - c. 6% of its NAV in debt and money market securities rated A and below issued by a single issuer.

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified in clause 1 of Seventh Schedule of MF Regulation. The long term rating of issuers shall be considered for the money market instruments. However, if there is no long term rating available for the same issuer, then based on credit rating mapping of CRAs between short term and long term ratings, the most conservative long term rating shall be taken for a given short term rating. Exposure to government money market instruments such as TREPS on G-Sec/ T-bills shall be treated as exposure to government

securities. Provided that, such limit shall not be applicable for investments in government securities, treasury bills and triparty repo on Government securities or treasury bills. Provided further that investment within such limit can be made in mortgage backed securitised debt which are rated not below investment grade by a credit rating agency registered with SEBI. Considering the nature of the Scheme, investments in such instruments will be permitted upto 5% of its NAV.

- Investment in unrated debt and money market instruments (other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc.) by the Scheme shall not exceed 5% of the net assets of the Scheme. However, all such investments shall be made with the prior approval of the Board of AMC and Trustees. Considering the nature of the Scheme, investments in such instruments will be permitted upto 5% of its NAV.
- The Scheme shall not invest in unlisted debt instruments including commercial papers (CPs), other than (a) government securities, (b) other money market instruments and (c) derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. which are used by mutual funds for hedging. However, mutual fund schemes may invest in unlisted Non-Convertible Debentures (NCDs) not exceeding 10% of the debt portfolio of the scheme subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.

Provided further that, the Scheme shall comply with the norms under this clause within the time and in the manner as may be specified by the Board.

Considering the nature of the Scheme, investments in such instruments will be permitted upto 5% of its NAV. • All investments by the Scheme in CPs would be made only in CPs which are listed or to be listed.

- The Mutual Fund under all its schemes shall not own more than 10% of any company's paid up capital carrying voting rights or ten per cent of units of REITs issued by a single issuer, as the case may be. Provided, for investments in asset management company or trustee company of other mutual fund, collective investment of sponsor of a mutual fund, its associate and/or its group company, and its AMC through Schemes should be considered for calculating 10% voting rights or ten per cent of units of REITs issued by a single issuer, as the case may be.
- The Scheme may invest in other schemes under the same AMC or any other Mutual Fund without charging any fees, provided the aggregate inter-scheme investment made by all the Schemes under the same management or in schemes under management of any other Asset Management Company shall not exceed 5% of the Net Asset Value of the Fund. No investment management fees shall be charged for investing in other schemes of the fund or in the schemes of any other Mutual Fund.
- Transfer of investments from one scheme to another scheme in the Mutual Fund is permitted provided: – Such transfers are done at the prevailing market price for quoted instruments on spot basis (spot basis shall have the same meaning as specified by a Stock Exchange for spot transactions); and – The securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.
- Transfer of investments from one scheme to another scheme in the Mutual Fund is permitted provided the same are line with para 12.30 of SEBI Master Circular on Mutual Funds dated June 27, 2024.
- The Mutual Fund shall get the securities purchased or transferred in the name of the fund on account of the concerned Scheme, wherever investments are intended to be of a long-term nature.
- Pending deployment of funds of the Scheme in terms of its investment objectives, the Scheme may invest its funds in short term deposits of scheduled commercial banks, subject to the following guidelines for parking of funds in short term deposits of scheduled commercial banks laid down in para 12.16 of SEBI Master Circular on Mutual Funds dated June 27, 2024 and such other guidelines as may be specified by SEBI from time to time:

i. "Short Term" for parking of funds shall be treated as a period not exceeding 91 days. Such short-term deposits shall be held in the name of the Scheme.

ii. The Scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with the approval of the Trustee.

iii. Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.

iv. The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.

v. The Scheme shall not park funds in short-term deposit of a bank which has invested in the Scheme. The bank in which a scheme has short-term deposit shall not invest in the scheme until the scheme has short term deposit with such bank.

vi. The AMC will not charge any investment management and advisory fees for funds under the Scheme parked in short term deposits of scheduled commercial banks. The above norms do not apply to term deposits placed as margins for trading in cash and derivatives market. However, all term deposits placed as margins shall be disclosed in the half yearly portfolio statements under a separate heading. Details such as name of bank, amount of term deposits, duration of term deposits, percentage of NAV should be disclosed.

- The Scheme shall not make any investment in: – Any unlisted security of an associate or group company of the Sponsor; or – Any security issued by way of private placement by an associate or group company of the Sponsor; or – The listed securities of group companies of the Sponsor, which is in excess of 25% of the net assets. Considering the nature of the Scheme, investments in such instruments will be permitted upto 5% of its NAV.

- The Scheme shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of repurchase / redemption of Units or payment of interest and IDCW to the Unitholders. Provided that the Fund shall not borrow more than 20% of the net assets of any individual Scheme and the duration of the borrowing shall not exceed a period of 6 months.

- Debentures, irrespective of any residual maturity period (above or below 1 year), shall attract the investment restrictions as applicable for debt instruments as specified under Clause 1 and 1A of the Seventh Schedule to the Regulations or as may be specified by SEBI from time to time.

- The Mutual Fund shall not advance any loans for any purpose.

- The Scheme shall not invest in a fund of funds scheme.

- The Scheme shall not invest in Credit default swaps and short selling.

The Scheme will comply with any other regulations applicable to the investments of mutual funds from time to time. The Trustees may alter the above restrictions from time to time to the extent that changes in the Regulations may allow and as deemed fit in the general interest of the unit holders.

All investment restrictions shall be applicable at the time of making investment. As such investments by the Scheme will be made in accordance with SEBI (MF) Regulations, including Schedule VII thereof.

#### **Rebalancing of passive breaches**

Further, pursuant to SEBI circular dated June 26, 2025, deviation of prudential limits due to passive breaches (occurrence of instances not arising out of omission and commission of AMC) should be rebalanced within 30 business days. If such passive deviations of prudential limits are not rebalanced within 30 business days, justification in writing, including details of efforts taken to rebalance the passive breach shall be placed before the Investment Committee of the AMC. The Investment Committee, if it so desires, can extend the timeline for rebalancing of passive breach up to sixty (60) Business Days from the date of completion of mandated rebalancing period. In case the passive deviation of prudential limits is not rebalanced within the aforementioned mandated plus extended timelines the AMC shall comply with the prescribed restrictions, reporting and disclosure requirements as specified in para 2.9 of SEBI Master Circular dated June 27, 2024.

Apart from the investment restrictions prescribed under the SEBI Regulations, internal risk parameters for limiting exposure to a particular scrip or sector may be prescribed from time to time to respond to the dynamic market conditions and market opportunities. The AMC / Trustee may alter the above investment restrictions from time to time to the extent that changes in the SEBI Regulations may allow and as deemed fit in the general interest of the unit holders.

### **C. FUNDAMENTAL ATTRIBUTES**

Following are the fundamental attributes of the Scheme, in terms of Clause 1.14 of SEBI Master Circular for Mutual Funds dated June 27, 2024:

(i) Type of a scheme:

An open ended fund of fund schemes predominantly investing in debt, equity and gold oriented schemes of Baroda BNP Paribas Mutual fund.

## (ii) Investment Objective

- Main Objective: please refer part I of Section 1
- Investment Pattern: please refer Part II of Section 1

## (iii) Terms of Issue

- Liquidity provisions such as listing, repurchase, redemption as indicated in this SID.
- Aggregate fees and expenses charged to the scheme as indicated in this SID.
- The scheme does not guarantee any assured returns.

In accordance with Regulation 18(15A) of the SEBI (Mutual Funds) Regulations, 1996 read with Clause 1.14.1.4 of SEBI Master circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, the Trustees shall ensure that no change in the fundamental attributes of the Scheme or the trust or fee and expenses payable or any other change which would modify the Scheme and affect the interests of Unit holders is carried out by the AMC unless:

- An application has been made with SEBI and comments of SEBI have been received before carrying out any fundamental attribute changes;
- A written communication about the proposed change is sent to each unit holder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and
- The unit holders are given an option for a period of 30 days to exit at the prevailing Net Asset Value without any exit load.

Investors are requested to note that the Underlying Fund reserves the right to amend certain features of the Fund from time to time. In such case, the Investment Manager shall endeavor to inform the Unitholders of the said change in Underlying Fund at the earliest by issuing an addendum in accordance with provisions of the SEBI (MF) Regulations. Investors are further informed that change in nomenclature of the Underlying Fund shall not tantamount to change in Fundamental attributes of this Scheme.

**D. OTHER SCHEME SPECIFIC DISCLOSURES**

<b>Listing and Transfer of Units</b>	<p>Listing:</p> <p>At present, the Units of the Scheme are not proposed to be listed on any stock exchange. However, the AMC / Trustee may at their sole discretion list the Units under the Scheme on one or more stock exchanges at a later date.</p> <p>Transfer of units</p> <p>Units of the Scheme shall be freely transferable by act of parties or by operation of law, subject to restrictions, if any, provided in the section "Restrictions, if any, on the right to freely retain or dispose off units being offered."</p> <p>AMC shall, on production of instrument of transfer together with relevant Unit Certificates, register the transfer and return the unit certificate to the transferee within thirty days from the date of such production.</p> <p>If held in demat form, they are freely transferable from one demat account to another demat account in accordance with the provisions of the Securities and Exchange Board of India (Depositories and Participants) Regulations, 1996.</p> <p>If a person becomes a holder of the Units consequent to an operation of law or upon enforcement of a pledge, the AMC shall, subject to production of satisfactory evidence and submission of such documents by the transferee, effect the transfer, if the transferee is otherwise eligible to hold the Units of the Scheme. Similarly, in cases of transfers taking place consequent to death, insolvency etc., the transferee's name will be recorded by the Fund, subject to production of satisfactory evidence. The provisions in respect of deletion of names will not be applicable in case of death of a Unit holder (in the case of joint holdings) as this is treated as transmission of Units and not as transfer. Investors may note that stamp duty and other statutory levies, if any, as applicable from time to time shall be borne by the investor.</p>
--------------------------------------	--

	Further, in accordance with para 14.4.4 of SEBI Master Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 on transferability of mutual fund units, investors /unit holders are requested to note that units held in electronic (demat) form shall be transferable under the depository system and will be subject to the transmission facility in accordance with the provisions of SEBI (Depositories and Participants) Regulations, 1996 as may be amended from time to time.
<b>Dematerialization of units</b>	<p>Pursuant to para 14.4.2 of SEBI Master Circular dated June 27, 2024; the unit holders of the Scheme shall be provided an option to hold units in demat form in addition to physical form. The following shall be applicable:</p> <ol style="list-style-type: none"> <li>1. The unit holder opting to hold units in demat form must provide their demat account details in the specified section of the application form. Such unit holder should have a beneficiary account with the depository participant (DP) (registered with NSDL / CDSL) and shall be required to indicate in the application form the name of the DP, DP ID Number and the beneficiary account number. The unit holder must mandatorily provide latest client investor master or demat account statement along with the application form.</li> <li>2. Units held in demat form are transferable (except for Equity Linked Savings Scheme) in accordance with the provisions of SEBI (Depositories and Participants) Regulations, 1996 as may be amended from time to time. Transfer can be made only in favor of transferees who are capable of holding units and having a valid demat account.</li> <li>3. In case, the unit holder desires to hold the units in a demat/rematerialized form at a later date, the request for conversion of units held in non-demat form into Demat (electronic) form or vice-versa should be submitted along with a demat/remat request form to the DP directly and not to the AMC or the Registrar and Transfer Agent (RTA) of the Fund. The AMC shall then issue units in the desired form within two working days of the receipt of valid documents from the respective DP. The credit of the converted units shall be reflected in the transaction statement provided by the DP to its client. Similarly, request for redemption or any other non - financial request shall be submitted directly to the DP and not to the AMC/ RTA of the Fund.</li> <li>4. For the units held in demat form investors will receive an account statement from their respective DPs and not from AMC / RTA of the Fund.</li> <li>5. Units will be credited in the demat account only based on fund realization.</li> <li>6. The facility of availing the units in demat / remat form is available subject to such processes, operating guidelines and terms &amp; conditions as may be prescribed by the DPs and the depositories from time to time.</li> <li>7. Presently, the option to hold units in demat form shall not be available for systematic transactions like Systematic Transfer Plan (STP), Systematic Withdrawal Plan (SWP) etc. Such investors shall be mandatorily allotted units in physical form.</li> </ol> <p>Pursuant to para 14.4.2 of SEBI Master Circular dated June 27, 2024 and AMFI communication no. 35P/MEM-COR/35/11-12 dated December 23, 2011 an option to hold units in demat form shall be available for SIP transactions. However, the units will be allotted based on the applicable NAV as per the SID and will be credited to investors demat account on weekly basis upon realization of funds. For e.g. units will be credited to investors demat account every Monday (or immediate next business day in case Monday happens to be a non-business day) for realization status received in last week from Monday to Friday. If an investor has opted to hold units in demat form for SIP transactions, he will be able to redeem / transfer only those units which are credited to his demat account till the date of submission of redemption / transfer request. Accordingly, redemption / transfer request shall be liable to be rejected in case of non - availability of sufficient units in the investor's demat account as on date of submission of redemption / transfer request.</p>
<b>Minimum Target Amount</b>	The minimum subscription (target) amount under the Scheme shall be Rs.10,00,00,000/- (Ten crore) during the New Fund Offer Period. Therefore, subject to the applications being in accordance with the terms of this offer, full and firm allotment will be made to the Unit holders.
<b>Maximum Amount to be raised (if any)</b>	Not Applicable
<b>Dividend Policy (IDCW)</b>	Distribution of amounts under IDCW option shall be in line with provisions mentioned in Chapter 11 of SEBI Master Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 read with further guidelines/clarifications issued by SEBI from time to time.

<p><b>Allotment procedure)</b> (Detailed</p>	<p>All Applicants whose payment towards purchase of Units have been realised will receive a full and firm allotment of Units, provided that the applications are complete in all respects and are found to be in order. Allotment to NRIs/FPIs will be subject to RBI approval, if required. All allotments will be provisional, subject to realisation of payment instrument and subject to the AMC having been reasonably satisfied about receipt of clear funds.</p> <p>The process of allotment of Units will be completed within 5 (five) business days from the date of closure of the New Fund Offer Period. Subject to the SEBI (MF) Regulations, the AMC / Trustee may reject any application received in case the application is found invalid/incomplete or for any other reason. Any redemption or switch out transaction in the interim is liable to be rejected at the sole discretion of the AMC.</p> <p>Allotment to NRIs/FPIs will be subject to RBI approval, if required. NRIs should also to attach a copy of the payment cheque / FIRC / Debit Certificate to ascertain the repatriation status of the amount invested. NRI Applicants should also clearly tick on account type as NRE or NRO or FCNR to determine the repatriation status of the investment amount.</p> <p>The AMC /RTA may ascertain the repatriation status purely based on the details provided in the application form under Investment and Payment details and will not be liable for any incorrect information provided by the applicants. Applicants will have to coordinate with their authorized dealers and banks to repatriate the investment amount as and when needed.</p> <p>The Trustee / AMC retain the sole and absolute discretion to reject any application. The AMC / Trustee may require or obtain verification of identity or such other details regarding any subscription or related information from the investor/unit holders as may be required under any law, which may result in delay in dealing with the applications, units, benefits, distribution, etc.</p> <p>No Account Statements will be issued to investors opted to hold units in electronic (demat) mode, since the statement of account furnished by depository participant periodically will contain the details of transactions.</p>
<p><b>Refund</b></p>	<p>Not Applicable</p>

### C. TRANSPARENCY/NAV DISCLOSURE

The AMC shall declare the Net Asset Value (NAV) of the Scheme by 10 am on the next Business day on AMFI's website (www.amfiindia.com) and also on its website (www.barodabnpparibasmf.in). The NAV shall be calculated for all Business Days and the AMC shall prominently disclose the NAV of all schemes under a separate head on the AMC's website and on the website of AMFI. In case of any delay, the reasons for such delay would be explained to AMFI and SEBI in writing and the number of such instances would also be reported to SEBI on quarterly basis. If the NAVs are not available before the commencement of business hours of the following day due to any reason, the AMC shall issue a press release providing reasons and explaining when the Mutual Fund would be able to publish the NAVs. The NAV shall also be made available to Unit Holders through SMS upon receiving a specific request in this regard on its website.

AMC shall disclose portfolio (along with ISIN) as on the last day of the month and half-year (i.e. 31st March and on 30th September) for all the schemes on its website and on the website of AMFI within 10 days from the close of each month/half-year respectively.

The AMC shall within one month from the close of each half year, i.e. 31st March & 30th September, host a copy of its unaudited financial results on its website.

### D. STAMP DUTY

Levy of Stamp Duty on Applicable Mutual Fund Transactions

Investors/Unit holders are requested to note that pursuant to Notification No. S.O. 1226(E) and G.S.R 226 (E) dated March 30, 2020 issued by Department of Revenue, Ministry of Finance, Government of India, read with Part I of Chapter IV of The Finance Act, 2019, notified on February 21, 2019 issued by Legislative Department, Ministry of Law and Justice, Government of India, a stamp duty @0.005% of the transaction value would be levied on applicable mutual fund transactions. ## SCHEME INFORMATION DOCUMENT

---

Based on the para 16.6 of SEBI Master Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, to comply with the requirements of RTA inter-operable Platform for enhancing investors' experience in Mutual Fund transactions / service requests, the Qualified RTAs (QRTA's), Kfin Technologies Limited (Kfintech) and Computer Age Management Services Limited (CAMS) have jointly developed MFCentral - A digital platform for Mutual Fund investors.

MFCentral is created with an intent to be a one stop portal / mobile app for all Mutual fund investments and service-related needs that significantly reduces the need for submission of physical documents by enabling various digital / phygital services to Mutual fund investors across fund houses subject to applicable Terms & Conditions of the MFCentral platform. MFCentral will be enabling various features and services in a phased manner. MFCentral may be accessed using link <https://mfcentral.com/> (or its app in future).

With a view to comply with all provisions of the aforesaid circular, AMC/the Fund designates MFCentral as its Official Points of Acceptance of Transactions (OPAT) w.e.f. September 23, 2021.

Any registered user of MFCentral, requiring submission of physical document as per the requirements of MFCentral, may do so at any of the designated Investor Service centres or collection centres of Kfintech or CAMS.
