## HIGHLIGHTS/SUMMARY OF THE SCHEME

<b>Name of the Scheme</b>	Baroda BNP Paribas NIFTY Bank ETF (BBNPNBETF)
<b>Type of the Scheme</b>	An open ended scheme replicating / tracking the Nifty Bank Total Returns Index
<b>NSE Symbol</b>	BBNPNBETF
<b>BSE Symbol</b>	BBNPNBETF
<b>Scheme Code</b>	BBNP/O/O/EET/23/12/0042
<b>'Category' as per SEBI Master circular dt. June 27, 2024</b>	Other schemes - Exchange Traded Fund
<b>Investment objective</b>	The investment objective of the scheme is to provide investment returns closely corresponding to the total returns of the securities as represented by the Nifty Bank Total Returns Index before expenses, subject to tracking errors, fees and expenses. However, there is no assurance that the objective of the Scheme will be realized, and the Scheme does not assure or guarantee any returns.
<b>Liquidity/listing details</b>	<p>An investor can buy/sell units of the Scheme on a continuous basis on National Stock Exchange of India Limited (NSE), BSE Limited (BSE) and other recognised stock exchanges where the units of the Scheme are listed and traded like any other publicly traded securities at market prices which may be at a premium or discount, depending on availability of units of the Scheme on the exchange, to the actual NAV of the Scheme. The Units of the Scheme may be bought or sold on all trading days at prevailing listed price on such Stock Exchange(s). The price of Units of the Scheme in the secondary market on the Stock Exchange(s) will depend on demand and supply at that point of time.</p> <p>There is no minimum investment. The trading lot is one unit of the Scheme.</p> <p>All direct transactions in units of the Scheme by APs/MMs or other eligible investors with the AMC/the Fund shall be at intra-day NAV based (along with applicable charges and execution variations) on the actual execution price of the underlying portfolio, provided the units offered for subscription and/or redemption are not less than Creation Unit size &amp; in multiples thereof.</p> <p>Any order placed for redemption or subscription by investor directly with the AMC must be of greater than INR 25 Cr or such amount as may be specified by SEBI from time to time. The aforesaid threshold shall not be applicable for APs/MMs and shall be periodically reviewed.</p> <p>The AMC shall appoint Authorized Participant (AP)/ Market Maker who will provide a two way quote in the secondary market in order to provide liquidity in the market. The list of authorized participants will be updated on our website <a href="http://www.barodabnpparibasmf.in">www.barodabnpparibasmf.in</a></p> <p>The threshold for direct transaction in the units of the Scheme with the AMC is INR 25 Crores. Investors can therefore transact in the units of the Scheme directly with the AMC in the respective creation unit size as applicable in the SID.</p> <p>Redemption of units directly with the Mutual Fund during Liquidity Window:</p>

	<p>Investors can approach the AMC directly for redemption of units of the scheme for transaction amount up to 25 CR under the following circumstances:</p> <ul style="list-style-type: none"> <li>(i) Traded price (closing price) of the ETF units is at a discount of more than 1% to the day end NAV for 7 continuous trading days or</li> <li>(ii) No quotes for such ETFs are available on the stock exchange(s) for 3 consecutive trading days or</li> <li>(iii) Total bid size on the exchange is less than half of creation units size daily, averaged over a period of 7 consecutive trading days</li> </ul> <p>Such instances shall be tracked by the AMC on an ongoing basis and in case any of the above mentioned scenarios arises, the same shall be disclosed on the website of the Mutual Fund. Under these circumstances, investors, as specified above, can redeem units of the Scheme directly with the fund house without any exit load. The aforesaid criteria for the direct redemption with the fund house is also available at the website of the AMC. The mutual fund will track the aforesaid liquidity criteria and display it on its website viz., <a href="http://www.barodabnpparibasmf.in">www.barodabnpparibasmf.in</a>. If the same is triggered, no exit load would be applicable in such cases.</p> <p><b>Redemption by NRIs/FIIs/FPI</b></p> <p>Credit balances in the account of NRIs/FIIs/FPI unitholder may be redeemed by such unit holder subject to any procedures laid down by the RBI. Payment to NRI/FII/FPI, unit holder will be subject to the relevant laws/guidelines of RBI as are applicable from time to time (subject to deduction of tax at source as applicable). The Fund will not be liable for any delays or for any loss on account of exchange fluctuations while converting the rupee amount in US Dollar or any other currency. In case of redemptions by NRIs, requisite TDS, as applicable, will be deducted from the respective redemption proceeds.</p> <p>Note: The mutual fund will rely on the NRI status and his account details as recorded in the depository system. Any changes to the same can be made only through the depository system.</p> <p><b>Dematerialization</b></p> <p>The Units of the Scheme are available only in dematerialized (electronic) form. Investors intending to invest in Units of BBNPNBETF will be required to have a beneficiary account with a Depository Participant (DP) of the NSDL/CDSL and will be required to mention in the application form DP's Name, DP ID No. and Beneficiary Account No. with the DP at the time of purchasing Units directly from the fund in Creation Unit Size. The Units of the Scheme will be issued, traded and settled compulsorily in dematerialized (electronic) form.</p>
<b>Authorized Participants / Market Makers</b>	<ul style="list-style-type: none"> <li>• AMC shall appoint at least two Market Makers (MMs) who are members of the stock exchanges for ETFs to provide continuous liquidity on the stock exchange platform. MMs shall transact with AMC only in multiples of creation unit size.</li> <li>• AMC shall have an approved policy regarding market making in ETFs based on the framework for market making provided by SEBI at para 3.6.1.2 of Master Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024</li> <li>• <b>Incentive Structure:</b> <ol style="list-style-type: none"> <li>1. Incentives if any for the MM shall be charged to the scheme within maximum permissible limit of TER.</li> <li>2. A transparent incentive structure for MM to be put in place linking incentives to various performance criteria like bid ask spread, liquidity &amp; trading volume etc.</li> <li>3. Necessary checks &amp; balances required and adequate disclosure of the principles of incentive structure to be done on website of AMC and in SID of ETFs.</li> <li>4. A proper audit trail to be maintained for scheme wise incentives.</li> </ol> </li> </ul>

	<ul style="list-style-type: none"> <li>♦ <b>MMs Responsibilities:</b></li> </ul> <ol style="list-style-type: none"> <li>1. To provide a two-way quote on the exchange for a minimum time frame as decided by SEBI from time to time. Currently MM is required to make market for 75% of time during market hours on a trading day.</li> <li>2. MM is mandated to be present in Best Buy/Sell order quote i.e. top 5 buy/sell order quote</li> <li>3. MM shall guarantee execution of orders at quoted price and quantity for quotes given by it.</li> </ol>										
<b>Creation Unit</b>	<p>'Creation Unit' is a fixed number of Baroda BNP Paribas Nifty Bank ETF units that can be created or redeemed directly with the AMC by Authorized Participants / Market Maker or Large Investors. As per para 3.6.2.2 of SEBI Master Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, minimum amount for direct creation &amp; redemption with AMC is 25 CR and in multiples of creation unit size over and above 25 CR. However, this limit is not applicable for MM who can create or redeem in multiples of creation unit with the AMC. Exceptions have also been made for schemes managed by Employee Provident Fund Organization, India and recognized provident funds, approved gratuity funds and approved superannuation funds under Income Tax Act, 1961. This exception for parties other than MM shall be in place till October 31, 2024 or such other date as may be specified by SEBI/ AMFI.</p> <p>Creation &amp; redemption of units in the scheme is done after full sighting of cash/units in scheme account.</p> <p>Proposed Creation Unit size for Baroda BNP Paribas Nifty Bank ETF is 50,000 units. The fund may from time to time change the size of the Creation Unit in order to equate it with marketable lots of the underlying instruments.</p> <p>A sample calculation of creation unit is as below:</p> <table border="1"> <tr> <td>NAV/unit (INR)</td><td>43</td></tr> <tr> <td>No. of Units</td><td>50,000</td></tr> <tr> <td>Portfolio Amount (INR)</td><td>21,49,847</td></tr> <tr> <td>Cash Component</td><td>154</td></tr> <tr> <td>Creation Amount (INR)</td><td>21,50,000</td></tr> </table> <p>The Cash component is the difference between NAV of creation unit and the market value of underlying portfolio. The cash component represents accrued dividends, accrued annual charges including management charges and residual fees in the scheme.</p> <p>Details pertaining to portfolio and cash component for creation unit will vary from time to time and will be decided and announced by the AMC on its website on a daily basis.</p> <p>Note:</p> <ul style="list-style-type: none"> <li>♦ Cash component is either paid to investors or received from investors at time of creation or redemption of units</li> <li>♦ Following are the circumstances for cash component:             <p>If cash component for the day is positive</p> <ol style="list-style-type: none"> <li>1. ## Part II: INFORMATION ABOUT THE SCHEME

### A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

The net assets of the Scheme will be invested primarily in equity and equity related securities. The Scheme may invest its net assets in debt and money market instruments, to manage its liquidity requirements.

Under normal circumstances, the asset allocation under the Scheme would be as follows:

Instruments	Indicative allocations (% of total assets)	
	Minimum	Maximum
Equity and Equity related securities of companies constituting Nifty Bank Index	95	100
Money Market Instruments & Units of Liquid scheme & Cash & Cash equivalents.*	0	5

\*Money Market Instruments will include treasury bills and government securities having a residual maturity upto one year, Tri-Party Repos, Repo in government securities and treasury bills and any other like instruments as specified by the Reserve Bank of India from time to time.

During normal circumstances, the Scheme's exposure to debt and money market instruments will be in line with the asset allocation table. However, in case of addition/deletion of instruments in the Scheme portfolio, the reinvestment will be in line with the index methodology. As per para 12.24 of SEBI Master Circular dated June 27, 2024, the cumulative gross exposure through Equity, debt, derivatives and money market instruments will not exceed 100% of the net assets of the scheme.

The scheme may take exposure to derivative instruments on underlying index (stock/ index futures) up to 20% of the Net Assets. Derivatives shall mean derivatives instruments as permitted by SEBI, including derivative exposure in accordance with SEBI Master Circular dated June 27, 2024 and such other amendments issued by SEBI from time to time. The Scheme may take an exposure to equity derivatives of constituents of the underlying Basket when securities of the Basket are unavailable, insufficient or for rebalancing at the time of change in Basket or in case of corporate actions, for a short period of time, subject to derivative limits. Such exposure to derivatives will be rebalanced within seven calendar days. The Scheme may use derivative instruments such as stock/index futures and stock/index options contracts, swap agreements or any other derivative instruments that are permissible or may be permissible in future under applicable regulations and such investments shall be in accordance with the investment objective of the Scheme.

The scheme shall also undertake stock lending for up to 20% of its Net Assets. The same shall be in accordance with para 12.11 of SEBI Master Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024.

The Scheme will not invest in Foreign Securities. The Scheme will not indulge in short selling. The scheme shall not participate in reverse repurchase agreements in corporate debt securities, Credit Default Swaps (CDS) for Corporate Bonds, Structured Obligation and Credit Enhancement, debt derivatives, securitised debt, investment in debt instruments with special features (AT1 and AT2 bonds) and investment in ReITs & InvITs.

The Scheme may enter into repos/reverse repos as may be permitted by RBI other than repo in corporate debt securities. From time to time, the Scheme may hold cash. A part of the net assets may be invested in Tri-Party repo or repo or in an alternative investment as may be provided by RBI. However, with reference to SEBI letter No. SEBI/HO/IMD-II/DOF3/OW/P/2021/31487/1 dated November 03, 2021, cash or cash

equivalents with residual maturity of less than 91 days may be treated as not creating any exposure. Cash equivalent shall consist of following securities having residual maturity of less than 91 days:

1. Government securities
2. T- Bills and
3. Repo on Government Securities

It may be noted that AMC has to adhere to the asset allocation pattern indicated in the Scheme Information Document under normal circumstances.

According to para 12.16 of SEBI Master circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, pending deployment of funds of the Scheme in securities in terms of investment objective of the Scheme, the Mutual Fund may invest the funds of the Scheme in short term deposits of scheduled commercial banks subject to restrictions laid down under the SEBI Regulations from time to time.

**Indicative Table** (Actual instrument/percentages may vary subject to applicable SEBI circulars)

Sl. no	Type of Instrument	Percentage of exposure	Circular references
1.	Securities Lending	i. Not more than 20% of the net assets can be deployed in Stock Lending  ii. Not more than 5% of the net assets can be deployed in Stock Lending to any single intermediary.	Paragraph 12.11 of SEBI Master Circular dated June 27, 2024.
2.	Short selling	The scheme shall not invest in this instrument.	-
3.	Structured Obligations / Credit Enhancements	The scheme shall not invest in this instrument.	-
4.	Equity derivatives	Exposure upto 20% of equity assets in equity derivatives instruments as permitted under the SEBI (Mutual Funds) Regulations, 1996 from time to time. The Scheme may use derivatives for such purposes as maybe permitted under the SEBI (Mutual Funds) Regulations, 1996, including but not limited for the purpose of hedging and portfolio balancing, based on the opportunities available and subject to guidelines issued by SEBI from time to time.	Para 12.25 of SEBI Master Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024
5.	Short term deposits of scheduled commercial banks	Pending deployment of funds of the Scheme in securities in terms of investment objective of the Scheme, the Mutual Fund may invest the funds of the Scheme in short term deposits of scheduled commercial banks subject to restrictions laid down under the SEBI Regulations from time to time.	Para 12.16 of SEBI Master circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024

### Portfolio Rebalancing Strategy in case of passive deviation:

- (a) The Scheme shall seek to replicate the index completely at all times.
- (b) In the event of index reconstitution and rebalance, the scheme shall complete the rebalance of its portfolio within 7 calendar days from the date of occurrence of deviation.

In case of change in constituents of the index due to periodic review, the portfolio of the scheme shall be rebalanced within 7 calendar days. Any transactions undertaken in the scheme portfolio in order to meet the redemption and subscription obligations shall be done while ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time. At all times the AMC shall ensure that the portfolio will adhere to the overall investment objective of the Scheme.

In the event of involuntary corporate action, the Scheme shall dispose the security not forming part of the underlying index within 7 Days from the date of allotment/ listing, whichever is later.

### Portfolio rebalancing under defensive consideration

As per para 3.6.7.1 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, the asset allocation pattern indicated above may change for a short term period on defensive considerations, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. These proportions may vary depending upon the perception of the Fund Manager, the intention being at all times to seek to protect the interests of the Unit holders. Such changes in the investment pattern will be rebalanced within 7 calendar days from the date of deviation and further action may be taken as specified under SEBI Circulars/ AMFI guidelines issued from time to time.

### Tracking Error

Tracking error is defined as the standard deviation of the difference between the daily returns of the Underlying index and NAV of the scheme. The scheme's returns may deviate from the underlying benchmark index for the following reasons:

1. Fees & expenditure incurred by the scheme.
2. Cash held by the scheme due to subscriptions or to meet redemptions, expenses etc.
3. Corporate Actions
4. Halting of trading in underlying securities by exchange
5. Methodology of calculation of settlement price of the index. The benchmark or underlying index reflects the Volume Weighted Average Price (VWAP) of securities in the last half hour. However the scheme may buy and sell at different points in time during the trading session at the then prevailing prices which may not correspond to the closing prices on the exchange.
6. Inability to acquire the securities due to various reasons like circuit filters, lack of liquidity etc.
7. Delay in replicating the portfolio during times of high volatility and reconstitution/rebalancing of index.
8. Rounding off securities for buying or selling as compared to the underlying index.

The AMC and fund manager would monitor the tracking error of the scheme on an ongoing basis and would seek to keep tracking error as low as possible. Under normal circumstances and as per SEBI regulation, it would not cross 2% per annum. However, in case of various market events beyond the control of AMC or fund manager like dividend issuance by constituent members, rights issuance by constituent members, market volatility during reconstitution and rebalancing of portfolio and any abnormal circumstances, tracking error may exceed the prescribed limits. . In case of unavoidable circumstances in the nature of force majeure, which are beyond the control of the AMCs, the tracking error may exceed 2% and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC, if any. There can be no assurance or guarantee that the scheme will achieve any particular level of tracking error relative to performance of the Underlying Index

**Disclosure of Tracking Error & Tracking Difference:**

The Scheme will disclose the tracking error based on past one year rolling data, on a daily basis, on the website of AMC and AMFI. In case the Scheme has been in existence for a period of less than one year, the annualized standard deviation shall be calculated based on available data.

Tracking Difference is the annualized difference of daily returns between the index and NAV of the scheme. It shall be disclosed on a monthly basis on website of AMC and AMFI for tenures 1 year, 3 year, 5 year, 10 year and since the date of allotment of units.

**B. WHAT ARE THE INVESTMENT STRATEGIES?**

The scheme is an Exchange Traded Fund (ETF) tracking the Nifty Bank Total Returns Index. The Scheme will be passively managed employing an investment strategy that seeks to track/replicate the performance of the underlying index, subject to tracking error. The scheme seeks to achieve this goal by investing in the securities constituting the Nifty Bank Total Returns Index in the same proportion as in the Index.

The scheme may take exposure to derivative instruments on underlying index (stock/ index futures) up to 20% of the Net Assets. Derivatives shall mean derivatives instruments as permitted by SEBI, including derivative exposure in accordance with SEBI Master Circular dated June 27, 2024 and such other amendments issued by SEBI from time to time. The Scheme may take an exposure to equity derivatives of constituents of the underlying Basket when securities of the Basket are unavailable, insufficient or for rebalancing at the time of change in Basket or in case of corporate actions, for a short period of time, subject to derivative limits. Such exposure to derivatives will be rebalanced within seven calendar days. The Scheme may use derivative instruments such as stock/index futures and stock/index options contracts, swap agreements or any other derivative instruments that are permissible or may be permissible in future under applicable regulations and such investments shall be in accordance with the investment objective of the Scheme. Derivative limit subject to limit of 20% of net assets.

**C. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?**

The performance of the scheme will be benchmarked to the performance of NIFTY Bank Total Return Index. The portfolio of the scheme would endeavour to replicate / track the index.

Pursuant to Para 1.9 of SEBI Master circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 ("SEBI Circular on Benchmark"), uniform structure for benchmarking of schemes has been prescribed by SEBI. These uniform benchmarking of schemes indices are termed as first tier benchmark which reflects the category of the scheme. The index is computed using the total return methodology including price return and coupon return.

Further, pursuant to SEBI circular on Benchmark, Association of Mutual Funds in India (AMFI), in consultation with AMFI Valuation Committee, has published the list of benchmark as 1st tier benchmarks for mutual fund schemes and the same is also made available on its website <https://www.amfiindia.com/research-information/other-data> and <https://www.amfiindia.com/importantupdates>.

**Justification for using the benchmark:** The aforesaid benchmark is most suited for comparing the performance of the Scheme.

**D. WHO MANAGES THE SCHEME?**

Mr. Neeraj Saxena shall be the designated Fund manager for the Scheme.

**Part III- OTHER DETAILS**
**A. COMPUTATION OF NAV**

The Net Asset Value (NAV) per Unit under the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding under the Scheme on the valuation date. The Mutual Fund will value its investments according to the valuation norms, as specified in Schedule VIII of the SEBI (MF) Regulations, or such norms as may be specified by SEBI from time to time. In case of any conflict between the Principles of Fair Valuation and valuation guidelines specified by SEBI, the Principles of Fair Valuation shall prevail.

The NAV of the units under the Scheme shall be calculated as shown below:

$$\text{NAV per Unit (Rs.)} = \frac{\text{Market or Fair Value of the Plan's Investments} + \text{Current Assets} - \text{Current Liabilities and Provisions}}{\text{No. of Units outstanding under the Scheme}}$$

**Illustration on Computation of NAV:**

Investors should note that the total recurring expenses of the scheme excluding issue or redemption expenses, whether initially borne by the Mutual Fund or by the AMC, but including the investment management and advisory fee, shall not exceed the limits as prescribed under Regulation 52 of the SEBI Regulations. The AMC will charge the Scheme such actual expenses incurred, subject to the statutory limit prescribed in the Regulations.

Note:

Pursuant to AMFI email dated March 02, 2023, with respect to keeping the B-30 incentive structure in abeyance, the AMC will not charge additional 30 bps on new inflows garnered from retail investors from B-30 cities till further notice. The total expenses of the Scheme including the Investment Management and Advisory Fee shall not exceed the limits stated in Regulation 52 of the SEBI (Mutual Funds) Regulations, 1996.

For the actual current expenses being charged, the investor should refer to the website of the mutual fund at the following link <<https://www.barodabnp-paribas-mf.in/downloads/total-expense-ratio-of-mutual-fund-schemes>>. Any change proposed to the current expense ratio will be updated on the

website and communicated to the investors via e-mail or SMS at least three working days prior to the effective date of the change (in accordance with para 10.1.8 of SEBI Master circular SEBI/HO/IMD/IMD - PoD-1/P/CIR/2024/90 dated June 27, 2024). Further, the disclosure of the expense ratio on a daily basis shall also be made on the website of AMFI viz. [www.amfiindia.com](http://www.amfiindia.com).

These estimates have been made in good faith as per the information available to the Investment Manager based on past experience and are subject to change inter-se. Types of expenses charged shall be as per SEBI (Mutual Funds) Regulations, 1996. The purpose of the above table is to assist the investor in understanding the various costs and expenses that an investor in the scheme will bear directly or indirectly.

#### **An Illustration of impact of expense ratio on Scheme's returns:**

If an investor invests in the scheme with an expense of 0.65% p.a. Assuming the gross return of this fund is 10% for that given year, investor will make 9.35% return.

Also, please take a look at below illustration which shows impact of different expense ratio assumed on initial investment of Rs. 10,000 invested over period of 10 years with an average annualized gain of 15% p.a.

Particulars	Direct Plan
Amount Invested at the beginning of the year	10,000
Returns before Expenses (@10%pa)	1,000
Expenses other than Distribution Expenses	65
Distribution Expenses	-
Returns after Expenses at the end of the Year	935
<b>% Returns on Investment (Post Expenses)</b>	<b>9.35%</b>

#### **Note:**

- The purpose of the above illustration is to purely explain the impact of expense ratio charged to the Scheme and should not be construed as providing any kind of investment advice or guarantee of returns on investments, without considering any impact due to taxation.
- Investors are requested to note that NAV declaration made by AMC/Mutual Fund on every business day is net of expenses, and consequently scheme performance disclosures made by Mutual Fund, which are based on NAV values of the scheme are also net of expenses but does not consider impact of load and taxes, if any.

#### **D. LOAD STRUCTURE**

Load is an amount which is paid by the investor to subscribe to the units or to redeem the units from the scheme. (This amount is used by the AMC to pay commissions to the distributor and to take care of other marketing and selling expenses.) Load amounts are variable and are subject to change from time to time. For the current applicable structure please refer to the website of the AMC ([www.barodabnpparibasmf.in](http://www.barodabnpparibasmf.in)) or call on the number, 1800-2670-189 or may call your distributor.

Exit Load: - Nil

The above load shall also be applicable for switches between the schemes of the Fund. However, any subsequent switch-out or redemption of such investment from Regular Plan shall be subject to exit load based on the date of switch in of investment into the Regular Plan.

In accordance with the requirements specified under SEBI Master circular, no entry load will be charged for purchase/additional purchase/ switch-in accepted by the Fund. The upfront commission on investment made by the investor, if any, shall be paid to the ARN Holder directly by the investor, based on the investor's assessment of various factors including service rendered by the ARN Holder. The exit load charged, net of Goods and Services Tax (GST), if any, shall be credited to the Scheme.

For any change in load structure, the AMC will issue an addendum and display it on the website/ISCs.

Subject to the SEBI Regulations, the AMC / Trustee reserve the right to modify / alter the load structure on the Units subscribed / redeemed on any business day from time to time. **Such changes will be applicable for prospective investments.** At the time of changing the load structure, the AMC shall take the following steps:

- The addendum detailing the changes shall be attached to SID and Key Information Memorandum. The addendum will be circulated to all the distributors so that the same can be attached to all SIDs and Key Information Memorandum already in stock.
- Arrangements shall be made to display the changes/modifications in the SID in the form of a notice in all the ISCs' and distributors' offices.
- The introduction of the load along with the details shall be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load.
- A public notice shall be given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated.
- Any other measures which the Mutual Fund may feel necessary.

**The investor is requested to check the prevailing load structure of the scheme before investing. For any change in load structure AMC will issue an addendum and display it on the website/investor Service Centres.**

**Unitholder Transaction Expenses and Load:** In accordance with SEBI Regulations, the AMC/Mutual Fund shall ensure that the repurchase price of the scheme is not lower than 95 per cent of the Net Asset Value.

Note: Where as a result of a Redemption/ Switch arising out of excess holding by an investor beyond 25% of the net assets of the schemes in the manner envisaged under para 6.11 of SEBI Master Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, such Redemption / Switch will not be subject to Exit load.

### I. INTRODUCTION

#### A. DEFINITION/INTERPRETATION

Investors may refer to <https://www.barodabnpparibasmf.in/assets/pdf/Definitions.pdf> for definitions/interpretations.

#### B. RISK FACTORS

##### Scheme Specific Risk Factors

The scheme tracks benchmark index which may comprise of large Indian banking stocks. The scheme being passively managed invests in stocks of the underlying index and will therefore be subject to the risks associated with concentration of investments in a particular company/sector. The weightage of each stock is capped at the time of rebalancing of index, which may help in limiting concentration risk. In addition, the scheme may be subject to following sector specific risks including but not limited to:

- The performance of the banking sector has a direct correlation to the performance of the economy. The sector is vulnerable to the adverse impacts on domestic as well as the global economy. Events such as recession, war, monsoon, political upturn, etc. may adversely affect the banks.
- The sector is highly regulated in terms of capital and liquidity requirements, recognition and provisioning requirement for advances, valuation of investments, etc. Hence, changes in such requirements may adversely affect performance of banks.
- Changes in Government/Reserve Bank of India policy/regulation/reforms etc. affecting banking sector may have a significant bearing on performance of the banks.
- Macroeconomic factors like changes in interest rate, inflation rate, etc. can have direct impact on the performance of banks or the companies which have been provided funding by banks.
- The volatility and/or performance of the said sector and/or of the companies belonging to this sector may have a material adverse bearing on the performance of the Scheme

**Right to Limit Redemptions:** The Trustee, in the general interest of the Unit holders of the Scheme offered in this Document and keeping in view the unforeseen circumstances / unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day. The same shall be in accordance with para 1.12 of SEBI Master circular dated June 27, 2024.

##### Risks associated with investing in Equities:

- Trading volumes, settlement periods and transfer procedures may restrict the liquidity of these investments. Different segments of the Indian financial markets have different settlement periods, and such periods may be extended significantly by unforeseen circumstances. The inability of the Schemes to make intended securities purchases due to settlement problems could cause the Schemes to miss certain investment opportunities.
- The value of the Schemes' investments in Equity & equity related instruments may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the Units of the Schemes may fluctuate and can go up or down.
- The Mutual Fund may not be able to sell securities, which can lead to temporary illiquidity. There are risks inherent in securities lending, including the risk of failure of the other party, in this case the approved intermediary to comply with the terms of the agreement. Such failure can result in a possible loss of rights to be collateral, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of corporate benefits accruing thereon.

- Investors may note that IDCW is due only when declared and there is no assurance that a company (even though it may have a track record of payment of IDCW in the past) may continue paying IDCW in future. As such, the schemes are vulnerable to instances where investments in securities may not earn IDCW or where lesser IDCW is declared by a company in subsequent years in which investments are made by schemes. As the profitability of companies are likely to vary and have a material bearing on their ability to declare and pay IDCW, the performance of the schemes may be adversely affected due to such factors.
- While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges. The liquidity of the Schemes' investments is inherently restricted by trading volumes in the securities in which it invests.
- Fund manager endeavors to generate returns based on certain past statistical trend. The performance of the schemes may get affected if there is a change in the said trend. There can be no assurance that such historical trends will continue.
- The schemes are also vulnerable to movements in the prices of securities invested by the schemes which again could have a material bearing on the overall returns from the schemes. These stocks, at times, may be relatively less liquid as compared to growth stocks.
- Changes in Government policy in general and changes in tax benefits applicable to mutual funds may impact the returns to investors in the Schemes or business prospects of the Company in any particular sector.
- The Scheme may find itself invested in unlisted securities due to external events or corporate actions. This may increase the risk of the portfolio as these unlisted securities are inherently illiquid in nature and carry larger liquidity risk as compared to the listed securities or those that offer other exit options to the investors.

#### **Risks associated with ETF:**

- Investments in the securities constituting the Index are subject to price fluctuation on daily basis. The volatility in the value of those securities is due to various micro and macroeconomic factors like economic and political developments, changes in interest rates, etc. affecting the securities markets. This may have adverse impact on the NAV of Scheme.
- As the units of the ETF are listed on the Stock Exchange, trading in the units may be halted due to market conditions or for reasons that in the view of the Exchange Authorities or Regulator. There could also be trading halts caused by extraordinary market volatility and pursuant to Exchange Authorities and Regulator circuit filter rules and the ETF's would not be able to buy/sell securities in case of subscriptions/redemptions, which may impact the Scheme. Further, there can be no assurance that the requirements of the exchange necessary to maintain the listing of the ETF's will continue to be met or will remain unchanged.
- Listing and trading of the ETF's are undertaken on the Stock Exchanges within the rules, regulation and policy of the Stock Exchange and Regulator. Any change in trading rules, regulation and policy by the regulatory authority would have a bearing on the trading of the units of the ETF's and its prices.
- The NAV of the ETF's and or Index funds reflect the valuation of its investment and any changes in market value of its investments would have a bearing on its NAV. When the units are traded on the Stock Exchange, the units of the ETF's may trade at prices which can be different from the NAV due to various factors like demand and supply for the units of the ETF's, perceived trends in the market outlook, etc.
- Market Risk: The ETF's and or Index funds NAV will react to stock market movements. The value of investments in the scheme may go down over a short or long period due to fluctuations in ETF's and or Index funds NAV in response to factors such as performance of companies whose stock comprises the

underlying portfolio, economic and political developments, changes in government policies, changes in interest rates, inflation and other monetary factors causing movement in prices of underlying investments.

- **Index-Related Risk:** The ETF's and or Index funds invests in securities of the Nifty Bank Total Returns Index and in the same proportion as the securities have in the Index. Hence, the risk associated with the corresponding Index would be applicable to the ETF's and or index funds. The Index may have its own criteria and policy for inclusion/exclusion of securities from the Index, its maintenance thereof and effecting corporate actions. The ETF's and or Index funds would invest in the securities of the Index regardless of investment merit, research, without taking a view of the market and without adopting any defensive measures. The ETF's and or Index funds would not select securities in which it wants to invest but is guided by the Index. As such the ETF's and or Index funds is not actively managed but is passively managed. There is no guarantee that the ETF's and or Index funds will achieve a high degree of correlation to the Underlying Index and therefore achieve its investment objective.
- **Management Risk.** As the ETF's and or Index funds may not fully replicate the Underlying Index, it is subject to the risk that investment strategy may not produce the intended results.
- **Concentration Risk.** The ETF's and or Index funds may be susceptible to an increased risk of loss, including losses due to adverse occurrences affecting the ETF's and or index funds more than the market, to the extent that the investments are concentrated in the securities of a particular issuer or issuers, country, group of countries, region, market, industry, group of industries, sector or asset class...
- In certain cases, settlement periods may be extended significantly by unforeseen circumstances. The inability of the ETF to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities as in certain cases, settlement periods may be extended significantly by unforeseen circumstances. Similarly, the inability to sell securities held in the ETF portfolio may result, at times, in potential losses to the Scheme, and there can be a subsequent decline in the value of the securities held in the ETF.
- **Passive Investments:** The ETF's and or Index funds is not actively managed. Since the Scheme is linked to an index, it may be affected by a general decline in the securities constituting that index. The Scheme as per its investment objective invests in the securities of the underlying index regardless of their investment merit.
- **Equity Securities Risk:** Equity securities are subject to changes in value and their values may be more volatile than those of other asset classes.

**Risks associated with investing in fixed income securities:**

- **Credit and Counterparty risk:** Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security or honor its contractual obligations). Counterparty risk refers to the counterparty's inability to honor its commitments (payment, delivery, repayment, etc.) and to risk of default. This risk relates to the quality of the counterparty to which the scheme has exposures. Losses can occur in particular for the settlement/delivery of financial instruments or the conclusion of financial derivatives contracts.

The value of a fixed income security will fluctuate depending upon the changes in the perceived level of credit and counterparty risk as well as any actual event of default. Changes in financial conditions of an issuer, changes in economic and political conditions in general, or changes in economic or and political conditions specific to an issuer, all of which are factors that may have an adverse impact on an issuer's credit quality and security value.

- **Liquidity Risk:** The liquidity of the scheme's investment is inherently restricted by trading volumes in the securities in which the scheme invests. A lower level of liquidity affecting an individual security or an entire market at the same time, may have an adverse bearing on the value of the scheme's assets. More importantly, this may affect the Fund's ability to sell particular securities quickly enough to minimize impact cost, as and when necessary to

meet requirements of liquidity or to sell securities in response to triggers such as a specific economic/corporate event.

Trading volumes, settlement periods and transfer procedures may restrict the liquidity of a few or all the investments and may affect the liquidity of the investments of the scheme.

The scheme may be unable to implement purchase or sale decisions when the markets turn illiquid, missing some investment opportunities or limiting ability to face redemptions. The lack of liquidity could also lead to the risk that the sale price of a security could be substantially lower than the fair value of the security.

- **Interest Rate Risk & Re-investment Risk:** The value of an investment may be affected by interest rate fluctuations. Interest rates may be influenced by several elements or events, such as monetary policy, the discount rate, inflation, etc. The value of debt and fixed income securities held by the Scheme generally will vary inversely with the changes in prevailing interest rates. In general, price of debt and fixed income securities go up when interest rates fall, and vice versa. Securities of any issuer that has higher duration could be riskier in terms of price movements relative to those with lower duration. Thus, any impact of interest rate changes would be higher on securities with higher duration irrespective of the status of the issuer of the security. The investments made by the Scheme are subject to reinvestment risk. This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
- **Sovereign risk:** The Central Government of India is the issuer of the local currency debt in India. The Government raises money to meet its capital and revenue expenditure by issuing debt or discounted securities. Since payment of interest and principal amount has a sovereign status implying least probability of a default, such securities are known as securities with sovereign credit. It also implies that the credit risk on such Government securities is even lower than that on non-government securities with "AAA" rating and hence yields on government securities are even lower than yields on non-government securities with "AAA" rating.
- **Concentration Risk:** The Scheme may pursue only a limited degree of diversification. It may invest in a limited number of securities or invest a greater proportion of assets in the securities of very few issuers (within the limits permitted by regulation) or be concentrated on a few market sectors as compared to a diversified scheme. The scheme is also expected to have higher market liquidity risk on account of concentration. This could have implications on the performance of the scheme. The scheme may be more sensitive to economic, business, political or other changes and this may lead to sizeable fluctuation in the Net Asset Value of the scheme.

#### Risk Factors associated with Investments in Derivatives:

The Scheme(s) may use various derivative instruments and techniques, permitted within SEBI (Mutual Funds) Regulations, 1996 from time to time including but not limited for portfolio balancing and hedging purpose, which may increase the volatility of Scheme's performance. Usage of derivatives will expose the Scheme(s) to certain risks inherent to such derivatives.

Derivative products are specialized instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies. The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments.

The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. There is a possibility that a loss may be sustained by the Scheme(s) as a result of the failure of another party (usually referred to as the "counterparty") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, interest rates and

indices. Even a small price movement in the underlying instrument could have a large impact on their value. This could increase the volatility of the Scheme's performance.

In case of hedge, it is possible that derivative positions may not be perfectly in line with the underlying assets they are hedging. As a consequence the derivative cannot be expected to perfectly hedge the risk of the underlying assets. This also increases the volatility of the Scheme's performance. Some of the risks inherent to derivatives investments include:

1. **Price Risk:** Despite the risk mitigation provided by various derivative instruments, there remains an inherent price risk which may result in losses exceeding actual underlying.
2. **Default Risk:** This is the risk that losses will be incurred due to default by counter party. This is also known as credit risk or counterparty risk.
3. **Basis Risk:** This risk arises when the derivative instrument used to hedge the underlying asset does not match the movement of the underlying being hedged for e.g., mismatch between the maturity date of the futures and the actual selling date of the asset.
4. **Limitations on upside:** Derivatives when used as hedging tool can also limit the profits from a genuine investment transaction.
5. **Liquidity risk:** This risk pertains to how saleable a security is in the market. All securities/instruments irrespective of whether they are equity, bonds or derivatives may be exposed to liquidity risk (when the sellers outnumber buyers) which may impact returns while exiting opportunities.
6. **Systematic Risk:** The risk inherent in the capital market due to macro economic factors like Inflation, GDP, Global events
7. **System Risk:** The risk arising due to failure of operational processes followed by the exchanges and OTC participants for the derivatives trading.

#### Risks associated with investments in mutual fund units

To the extent of the investments made by the scheme in mutual funds units, the risks associated with investing in such funds like market risk, credit & default risk, liquidity risk, redemption risk including the possible loss of principal; etc. will exist.

#### Other Risks:

- ♦ **Risk associated with inflation:** Over time, yields of short-term investments may not keep pace with inflation, leading to a reduction in an investment's purchasing power.
- ♦ **Legal risk:** The scheme may be affected by the actions of government and regulatory bodies. Legislation could be imposed retrospectively or may be issued in the form of internal regulations which the public may not be aware of. Legislation (including legislation relating to tax) or regulation may be introduced which inhibits the scheme from pursuing their strategies or which renders an existing strategy less profitable than anticipated. Such actions may take any form, for example nationalization of any institution or restrictions on investment strategies in any given market sector or changing requirements and imposed without prior warning by any regulator.
- ♦ **Taxation risk:** The value of an investment may be affected by the application of tax laws, including withholding tax, or changes in government or economic or monetary policy from time to time. As such, no guarantee can be given that the financial objectives will actually be achieved. The tax information described in this Scheme Information Document (SID) is as available under the prevailing taxation laws. This could be changed at any moment by regulation. Further, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the scheme will endure indefinitely.
- ♦ **Valuation risk:** This risk relates to the fact that markets, in specific situations and due to lack of volumes of transactions, do not enable an accurate assessment of the fair value of invested assets. In such cases, valuation risk represents the possibility that, when a financial instrument matures or is sold in the market, the amount received is less than anticipated, incurring a loss to the

portfolio and therefore impacting negatively the NAV of the scheme.

- **Operational Risk:** Operational risk addresses the risk of trading and back office or administration issues that may result in a loss to the Scheme. This could be the result of oversight, ineffective securities processing procedures, computer systems problems or human error. There could also be risk associated with grouping of orders. For instance, at the time of placing the trades, the fund manager shall group orders on behalf of all schemes managed by him, provided it is unlikely to be detrimental overall for any of the schemes whose orders have been included. However, such grouping may have a detrimental effect to the scheme compared to the execution of an individual order for the scheme.

**Risk factors associated with processing of transaction in case of investors investing in mutual fund units through Stock Exchange Mechanism:** The trading mechanism introduced by the stock exchange(s) is configured to accept and process transactions for mutual fund units in both Physical and Demat Form. The allotment and/or redemption of Units through NSE and/or BSE or any other recognized stock exchange(s), on any Business Day will depend upon the modalities of processing viz. collection of application form, order processing / settlement, etc. upon which the Fund and the AMC have no control. Moreover, transactions conducted through the stock exchange mechanism shall be governed by the operating guidelines and directives issued by respective recognized stock exchange(s) upon which the Fund and the AMC have no control. Accordingly, there could be negative impacts to the investors such as delay or failure in allotment / redemption of Units. The Fund and the AMC are not responsible for the negative impacts.

**Tracking Error Risk:** Tracking error is defined as the standard deviation of the difference between the daily returns of the Underlying index and NAV of the scheme. The scheme's returns may deviate from the underlying benchmark index for the following reasons:

- Fees & expenditure incurred by the scheme.
- Cash held by the scheme due to subscriptions or to meet redemptions, expenses etc.
- Corporate Actions
- Halting of trading in underlying securities by exchange
- Methodology of calculation of settlement price of the index. The benchmark or underlying index reflects the Volume Weighted Average Price (VWAP) of securities in the last half hour. However, the scheme may buy and sell at different points in time during the trading session at the then prevailing prices which may not correspond to the closing prices on the exchange.
- Inability to acquire the securities due to various reasons like circuit filters, lack of liquidity etc.
- Delay in replicating the portfolio during times of high volatility and reconstitution/rebalancing of index.
- Rounding off securities for buying or selling as compared to the underlying index.

The AMC and fund manager would monitor the tracking error of the scheme on an ongoing basis and would seek to keep tracking error as low as possible. Under normal circumstances and as per SEBI regulation, it would not cross 2% per annum. However, in case of various market events beyond the control of AMC or fund manager like dividend issuance by constituent members, rights issuance by constituent members, market volatility during reconstitution and rebalancing of portfolio and any abnormal circumstances, tracking error may exceed the prescribed limits. There can be no assurance or guarantee that the scheme will achieve any particular level of tracking error relative to performance of the Underlying Index

**Tracking Difference:** The tracking difference i.e. the annualized difference of daily returns between the index and the NAV of the Scheme will be disclosed on the website of the AMC and AMFI, on a monthly basis, for tenures 1 year, 3 year, 5 year, 10 year and since the date of allotment of units.

**Risks associated with segregated portfolio:**

- Investor holding units of segregated portfolio may not be able to liquidate their holding till the time recovery of money from the issuer.
- Security comprises of segregated portfolio may not realise any value.
- Listing of units of segregated portfolio in recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.

- Trading in the units of segregated portfolio on the Exchange may be halted because of market conditions, including any halt in the operations of Depository Participants or for reasons that in view of the Exchange Authorities or SEBI, trading in the units is suspended and / or restricted. In addition, trading in units is subject to trading halts caused by extraordinary market volatility and pursuant to stock exchange rules of 'circuit filter'. There can be no assurance that the requirements of Stock Exchange necessary to maintain the listing of units of scheme will continue to be met or will remain unchanged.

**Passive Investments:**

The Scheme is not actively managed. Since the Scheme is linked to index, it may be affected by a general decline in the Indian markets relating to its underlying index. The Scheme as per its investment objective invests in Securities which are constituents of its underlying index regardless of their investment merit. The AMC does not attempt to individually select stocks or to take defensive positions in declining markets.

**Risk control measures**

For the Scheme, risks would be the impact cost on securities, the delayed communication of weightage changes by the index service providers and the delayed calculation of net change in assets of the Scheme, amongst others.

It is proposed to manage the risks by placing limit orders for basket trades and other trades, proactive follow-up with the service providers for daily change in weights in index as well as monitor daily inflows and outflows to and from the Fund closely.

While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks would be completely eliminated.

Since investing requires disciplined risk management, the AMC would incorporate adequate safeguards for controlling risks in the portfolio construction process. The risk control process involves reducing risks through portfolio diversification, taking care however not to dilute returns in the process. The AMC believes that this diversification would help achieve the desired level of consistency in returns.

The AMC aims to identify securities, which offer superior levels of yield at lower levels of risks. With the aim of controlling risks, rigorous in depth credit evaluation of the securities proposed to be invested in will be carried out by the investment team of the AMC.

The Scheme may also use various derivatives and hedging products from time to time, as would be available and permitted by RBI/SEBI, in an attempt to protect the value of the portfolio and enhance Unitholders' interest.

**C. Risk Mitigation Measures:**

The Scheme will invest in various securities / instruments which carry various risks such as inability to sell securities, trading volumes and settlement periods, market risk, interest rate risk, liquidity risk, default risk, reinvestment risk etc. Whilst such risks cannot be eliminated, they may be mitigated by diversification and hedging.

In order to mitigate the various risks, the portfolio of the Scheme will be constructed in accordance with the investment restriction specified under the Regulations which would help in mitigating certain risks relating to investments in securities market.

Further, the AMC has necessary framework in place for risk mitigation at an enterprise level. The Risk Management division is an independent division within the organization. Internal limits are defined and judiciously monitored. Risk indicators on various parameters are computed and are monitored on a regular basis. There is a Board level Committee, the Risk Management Committee of the Board, which enables a dedicated focus on risk factors and the relevant risk mitigants.

## II. INFORMATION ABOUT THE SCHEME

### A. WHERE WILL THE SCHEME INVEST?

The Scheme may invest its funds in the following securities:

- Equity and equity related instruments including equity and index derivatives.
- Money market instruments permitted by SEBI/RBI, having maturities of up to one year or in alternative investment for the call money market as may be provided by the RBI to meet the liquidity requirements.
- Certificate of Deposits (CDs), Commercial Paper (CPs), Bill – Rediscounting (BRDS).
- Securities created and issued by the Central and State Governments and/or repos/reverse repos in such Government Securities as may be permitted by RBI (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).
- Securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills);
- Money market instruments as permitted by SEBI/RBI.
- Any other domestic fixed income securities as permitted by SEBI/ RBI from time to time (subject to the required approval if any)
- Tri-Party Repo or repo or any alternative investment as may be provided by RBI.

Any other instruments / securities, which in the opinion of the fund manager would suit the investment objective of the scheme subject to compliance with extant Regulations.

#### Position of debt & money market in India

The Indian debt market is today one of the largest in Asia and includes securities issued by the Government (Central & State Governments), public sector undertakings, other government bodies, financial institutions, banks and corporates. Government and public sector enterprises are the predominant borrowers in the markets. The major players in the Indian debt markets today are banks, financial institutions, mutual funds, insurance companies, primary dealers, trusts, pension funds and corporates. The Indian debt market is the largest segment of the Indian financial markets. The debt market comprises broadly two segments, viz. Government Securities market or G-Sec market and corporate debt market. The latter is further classified as market for PSU bonds and private sector bonds.

The G-Sec market is the oldest and the largest component of the Indian debt market in terms of market capitalization, outstanding securities and trading volumes. The G-Sec market plays a vital role in the Indian economy as it provides the benchmark for determining the level of interest rates in the country through the yields on the Government Securities which are referred to as the risk-free rate of return in any economy. Over the years, there have been new products introduced by the RBI like zero coupon bonds, floating rate bonds, inflation indexed bonds, etc.

The corporate bond market, in the sense of private corporate sector raising debt through public issuance in capital market, is only an insignificant part of the Indian Debt Market. A large part of the issuance in the non-Government debt market is currently on private placement basis.

The money markets in India essentially consist of the call money market (i.e. market for overnight and term money between banks and institutions), repo transactions (temporary sale with an agreement to buy back the securities at a future date at a specified price), commercial papers (CPs, short term unsecured promissory notes, generally issued by corporates), certificate of deposits (CDs, issued by banks) and Treasury Bills (issued by RBI). In a predominantly institutional market, the key money market players are banks, financial institutions, insurance companies, mutual funds, primary dealers and corporates. In money market, activity levels of the Government and nongovernment debt vary from time to time. Instruments that comprise a major portion of money market activity include but not limited to:

- Overnight Call
- Tri-party repo on Government Securities or treasury bills (TREPS).

- Repo/Reverse Repo Agreement
- Treasury Bills
- Government securities
- Commercial Paper
- Certificate of Deposit

Apart from these, there are some other options available for short tenure investments that include MIBOR linked debentures with periodic exit options and other such instruments. Though not strictly classified as money market instruments, PSU / DFI / corporate paper with a residual maturity of < 1 year, are actively traded and offer a viable investment option. The market has evolved in past 2-3 years in terms of risk premia attached to different class of issuers. Bank CDs have clearly emerged as popular asset class with increased acceptability in secondary market. PSU banks trade the tightest on the back of comfort from majority government holding. Highly rated manufacturing companies also command premium on account of limited supply. However, there has been increased activity in papers issued by private/foreign banks/NBFCs/companies in high-growth sector due to higher yields offered by them. Even though companies across these sectors might have been rated on a same scale, the difference in the yield on the papers for similar maturities reflects the perception of their respective credit profiles.

Instruments	Current yield as on October 31, 2024 (% per annum)
TREPS	6.10-6.30
3M T-Bill	6.45-6.55
1 Y T-Bill	6.50-6.60
10 Y G Sec	6.80-6.87
3M PSU Bank CD	7.15-7.20
3M NBFC CP	7.45-7.50
1 Y PSU Bank CD	7.50-7.55
1 Y NBFC CP	7.70-7.80
1Y Manufacturing Company CP	7.60-7.70
5 Y AAA Institutional Bond	7.35-7.45
10 Y AAA Institutional Bond	7.20-7.30

These yields are indicative and do not indicate yields that may be obtained in future as interest rates keep changing consequent to changes in macro-economic conditions and RBI policy. The price and yield on various debt instruments fluctuate from time to time depending upon the macro economic situation, inflation rate, overall liquidity position, foreign exchange scenario etc. Also, the price and yield vary according to maturity profile, credit risk etc.

## B. WHAT ARE THE INVESTMENT RESTRICTIONS?

Pursuant to the SEBI Regulations, the following investment restrictions are applicable to the scheme:

- 1) A mutual fund scheme shall not invest in unlisted debt instruments including commercial papers, except Government Securities, other money market instruments and derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. which are used by mutual funds for hedging: Provided that Mutual Fund Schemes may invest in unlisted non-convertible debentures up to a maximum of 10% of the debt portfolio of the scheme subject to such conditions as may be specified by SEBI vide Para 12.1 of SEBI Master circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 as amended from time to time.

Provided further that for investments by mutual fund schemes in unrated debt instruments maybe made subject to such conditions as may be specified by SEBI vide Para 12.1 of SEBI Master circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 as amended from time to time.

In accordance with SEBI Master circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, investment in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. by mutual fund schemes shall be subject to the following:

- a. Investments should only be made in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI Regulations and various circulars issued thereunder.
  - b. Exposure of mutual fund schemes in such instruments, shall not exceed 5% of the net assets of the schemes.
  - c. All such investments shall be made with the prior approval of the Board of AMC and the Board of Trustees.
- 2) Transfer of investments from one scheme to another scheme in the same Mutual Fund, shall be allowed only if,-
    - (i) such transfers are done at the prevailing market price for quoted instruments on spot basis. Explanation: "Spot basis" shall have the same meaning as specified by stock exchange for spot transactions.
    - (ii) the securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.

Further, provisions of para 12.30 of SEBI Master circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 and such other guidelines, shall also be complied with for such transfers.

- 3) A scheme may invest in another scheme under the same AMC or any other mutual fund without charging any fees, provided that aggregate inter-scheme investment made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund.
- 4) The Mutual Fund will buy and sell securities on the basis of deliveries and shall in all cases of purchase, take delivery of relevant securities and in all cases of sale, deliver the securities. Provided that a mutual fund may enter into derivatives transactions in a recognised stock exchange, subject to the framework specified by SEBI. Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by RBI in this regard.
- 5) The Mutual Fund shall get the securities purchased or transferred in the name of the Mutual Fund on account of the concerned scheme, wherever investments are intended to be of a long term nature.
- 6) In terms of Para 12.16 of SEBI Master circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, pending deployment of funds of the Scheme in securities in terms of the investment objective of the Scheme, the Mutual Fund may invest the funds of the Scheme in short term deposits of scheduled commercial banks subject to restrictions laid down under the SEBI Regulations from time to time. The following provisions shall be complied with:
  - a. "Short Term" for parking of funds by Mutual Fund shall be treated as a period not exceeding 91 days.
  - b. Such short term deposits shall be held in the name of the concerned scheme.
  - c. No mutual fund scheme shall park more than 15% of the net assets in Short term deposit(s) of all the scheduled commercial banks put together. However, it may be raised to 20% with prior

- approval of the trustees. Also, parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the mutual fund in short term deposits.
- d. No mutual fund scheme shall park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
  - e. Trustee/AMC shall ensure that no funds of a scheme may be parked in short term deposit of a bank which has invested in that scheme. Trustee/AMC shall also ensure that the bank in which a scheme has short term deposit do not invest in the said scheme until the scheme has short term deposit with such bank.
  - f. AMC shall not charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.
- 7) A scheme shall not make any investments in:
    - a. any unlisted security of an associate or group company of the sponsor; or
    - b. any security issued by way of private placement by an associate or group company of the sponsor; or
    - c. the listed securities of group companies of the sponsor which is in excess of 25% of the net assets.
  - 8) The Mutual Fund/AMC shall make investment out of the NFO proceeds only on or after the closure of the NFO period. No quotes for such ETFs are available on stock exchange(s) for 3 consecutive trading days, or</li> <li>x. Total bid size on the exchange is less than half of creation units size daily, averaged over a period of 7 consecutive trading days.</li> </ul> <p>In case of the above scenarios, applications received from investors for redemption up to 3.00 p.m. on any trading day, shall be processed by the AMC at the closing NAV of the day.</p> <p>Such instances shall be tracked by the AMC on an ongoing basis and in case any of the above mentioned scenario arises, the same shall be disclosed on the website of the Mutual Fund.</p> <p><b>Settlement of Purchase/Sale of Units of the Scheme on NSE/ BSE</b></p> <p>Buying/Selling of Units of the Scheme on NSE/ BSE is just like buying/selling any other normal listed security. If an investor has bought Units, an investor has to pay the purchase amount to the broker/sub-broker such that the amount paid is realized before the funds pay-in day of the settlement cycle on the Stock Exchange(s). If an investor has sold Units, an investor has to deliver the Units to the broker/sub-broker before the securities pay- in</p>

	<p>day of the settlement cycle on the Stock Exchange(s). The Units (in the case of Units bought) and the funds (in the case of Units sold) are paid out to the broker on the pay-out day of the settlement cycle on the Stock Exchange(s). The Stock Exchange(s) regulations stipulate that the trading member should pay the money or Units to the investor within 24 hours of the pay-out.</p> <p>If an investor has bought Units, he should give standing instructions for 'Delivery-In' to his/her/its DP for accepting Units in his/her/its beneficiary account. An investor should give the details of his/her beneficiary account and the DP-ID of his/her/its DP to his/her/its trading member. The trading member will transfer the Units directly to his/her/its beneficiary account on receipt of the same from NSE's/ BSE's Clearing Corporation.</p> <p>An investor who has sold Units should instruct his/her/its Depository Participant (DP) to give 'Delivery Out' instructions to transfer the Units from his/her/its beneficiary account to the Pool Account of his/her/its trading member through whom he/she/it have sold the Units. The details of the Pool A/C (CMBP-ID) of his/her trading member to which the Units are to be transferred, Unit quantity etc. should be mentioned in the Delivery Out instructions given by him/her to the DP. The instructions should be given well before the prescribed securities pay-in day. SEBI has advised that the Delivery Out instructions should be given at least 24 hours prior to the cutoff time for the prescribed securities pay-in to avoid any rejection of instructions due to data entry errors, network problems, etc.</p>

Based on the para 16.6 of SEBI Master Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, to comply with the requirements of RTA inter-operable Platform for enhancing investors' experience in Mutual Fund transactions / service requests, the Qualified RTAs (QRTA's), Kfin Technologies Limited (Kfintech) and Computer Age Management Services Limited (CAMS) have jointly developed MFCentral - A digital platform for Mutual Fund investors.

MFCentral is created with an intent to be a one stop portal / mobile app for all Mutual fund investments and service-related needs that significantly reduces the need for submission of physical documents by enabling various digital / phygital services to Mutual fund investors across fund houses subject to applicable Terms & Conditions of the MFCentral platform. MFCentral will be enabling various features and services in a phased manner. MFCentral may be accessed using link <https://mfcentral.com/> (or its app in future).

**With a view to comply with all provisions of the aforesaid circular, AMC/the Fund designates MFCentral as its Official Points of Acceptance of Transactions (OPAT) w.e.f. September 23, 2021.**

Any registered user of MFCentral, requiring submission of physical document as per the requirements of MFCentral, may do so at any of the designated Investor Service centres or collection centres of Kfintech or CAMS.
