Baroda Pioneer Asset Management Company Limited

(formerly BOB Asset Management Company Limited)

Schedules to the financial statements *for the year ended 31 March 2009*

(Currency: Indian rupees)

1 Background

Baroda Pioneer Asset Management Company Limited (formerly BOB Asset Management Company Limited) (the 'Company') was incorporated on 5 November 1992 as a public limited company.

On 27 June 2008, Pioneer Global Asset Management S.p.A (PGAM), a company incorporated in Italy, has acquired 51% stake in the Company. Post the acquisition, the Company has become subsidiary of PGAM.

The principle activity of the Company is to act as an investment manager advisor to Baroda Pioneer Mutual Fund ("the Fund"). The Company manages the investment portfolio and provides various administrative services to the Fund.

2 Significant accounting policies

2.1 Basis of preparation of financial statements

The financial statements are prepared and presented under the historical cost convention on the accrual basis of accounting and in accordance with the provisions of the Companies Act, 1956 ('the Act') and the accounting principles generally accepted in India and comply with the accounting standards prescribed in the Companies (Accounting Standards) Rules, 2006, to the extent applicable.

The Company is a Small and Medium Sized Company ('SMC') as defined in the General instructions in respect of Accounting Standards notified under the Companies Act, 1956. Accordingly, the Company has complied with Accounting Standards as applicable to a SMC.

2.2 Use of estimates

The preparation of the financial statements in conformity with generally accepted accounting principles ('GAAP') in India requires management to make estimates and assumptions that affect the reported amount of assets, liabilities, revenues and expenses and disclosure of contingent liabilities on the date of the financial statements. The estimates and assumptions used in the accompanying financial statements are based upon management's evaluation of the relevant facts and circumstances as of the date of the financial statements. Actual results may differ from the estimates used in preparing the accompanying financial statements. Any revision to accounting estimates is recognized prospectively in current and future periods.

Baroda Pioneer Asset Management Company Limited
(formerly BOB Asset Management Company Limited)

Schedules to the financial statements (Continued)

For the year ended 31 March 2009

(Currency: Indian rupees)

2 Significant accounting policies (Continued)

2.3 Fixed assets and depreciation

- a) Fixed assets are carried at cost of acquisition less accumulated depreciation and impairment. Cost includes freight, duties, taxes and incidental expenses related to the acquisition and installation of the assets.
- b) Depreciation is provided on the written down value method other than computers including computer software and leasehold improvements. The Computers are depreciated on straight line basis over the useful life and leasehold improvements are depreciated over the period of lease or useful life, whichever is shorter.
- c) The rates of depreciation prescribed in Schedule XIV to the Companies Act, 1956 are considered as the minimum rates. If the management's estimate of the useful life of a fixed asset at the time of acquisition of the asset or of the remaining useful life on a subsequent review is shorter than that envisaged in the aforesaid schedule, depreciation is provided at a higher rate based on the managements estimate of the useful life/remaining useful life. Pursuant to this policy, depreciation on fixed assets has been provided for at the following rates:

Class of asset	Rate of depreciation
Furniture and fixtures	18.10%
Motor vehicles	25.89%
Office equipment	18.10%
Computers including computer software	33.33%
Leasehold improvements	Over the period of lease or useful life, whichever is shorter

- d) The Company provides pro-rata depreciation from the date the asset is put to use and for any asset sold, until the date of sale.
- e) Fixed assets individually costing Rs.5,000 or less are fully depreciated in the year of purchase / acquisition.
- f) *Impairment of assets:*

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the profit and loss account. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost.

(formerly BOB Asset Management Company Limited)

Schedules to the financial statements (Continued)

For the year ended 31 March 2009

(Currency: Indian rupees)

2 Significant accounting policies (Continued)

2.4 Revenue Recognition

Investment management fees

Investment management fees are recognised net-off service tax on an accrual basis as a percentage of the average daily net assets of the schemes of Baroda Pioneer Mutual Fund (excluding on investments made by the Company in the schemes), such that it does not exceed the rates prescribed by the Securities and Exchange Board of India ('SEBI') (Mutual Fund) Regulations, 1996 (the 'Regulations') and any further amendments or offer document of the respective schemes.

Other income

Interest income is accounted for on period proportion basis.

Dividend income is recognized when the right to receive dividend is established.

Purchase and sale of investments is recorded on the trade date. The profit / loss on sale of investments are recognised in the profit and loss account on the trade date. Profit or loss on sale of investments is determined using weighted average cost method.

2.5 Scheme related expenses

Annual recurring expenses relating to schemes of the Fund which are in excess of internal expense limits are borne by the Company. The internal expense limits are within the overall expense limits prescribed by the Regulations or offer document of the respective schemes.

2.6 Investments

Investments are classified as long term or current based on intention of the management at the time of purchase.

Current investments are carried at the lower of cost or market value. Any reduction in the carrying amount and any reversals of such reductions are charged or credited to the profit and loss account. The comparison of cost and market value is done separately for each individual investment.

2.7 Accounting for leases

Operating leases

Leases where the lessor effectively retains substantially all the risks and benefits of ownership over the lease term are classified as operating leases. Operating lease rentals are recognised as an expense on a straight-line basis over the lease period.

5) 
18

Baroda Pioneer Asset Management Company Limited
(formerly BOB Asset Management Company Limited)

Schedules to the financial statements (Continued)

For the year ended 31 March 2009

(Currency: Indian rupees)

2 Significant accounting policies (Continued)

2.8 Earning per share

The basic earning per share is computed by dividing the net profit attributable to the equity shareholders by weighted average number of equity shares outstanding during the reporting year.

2.9 Employee benefits

Gratuity

The Company's gratuity scheme is a defined benefit plan. The Company's net obligation in respect of the gratuity benefit is calculated by estimating the amount of future benefit that the employees have earned in return for their service in the current and prior periods, that benefit is discounted to determine its present value.

The present value of the obligation under such benefit plan is determined based on actuarial valuation using the Projected Unit Credit Method which recognizes each period of service that give rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at present values of estimated future cash flows. The discounted rates used for determining the present value are based on the market yields on Government Securities as at the balance sheet date.

Actuarial gains and losses are recognized immediately in the profit and loss account.

Provident fund

The Company contributes to a recognized provident fund which is a defined contribution scheme. The contributions are accounted for on an accrual basis and recognized in the profit and loss account.

Short term accumulated (non-vesting) compensated absences

Employees of the Company can carry forward maximum 7 unutilised annual leave to the next period if the current period's entitlement is not used in full. The Company has recognised the undiscounted expected cost of short-term employee benefits in the form of accumulated non-vesting compensated absences in the profit and loss account

Baroda Pioneer Asset Management Company Limited
(formerly BOB Asset Management Company Limited)

Schedules to the financial statements (Continued)

For the year ended 31 March 2009

(Currency: Indian rupees)

2 Significant accounting policies (Continued)

2.10 Taxation

Income tax expense comprises current tax (i.e. amount of tax for the period determined in accordance with the income-tax law), deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the period) and fringe benefit tax.

Current taxes

Provision for current income-tax is recognized in accordance with the provisions of Indian Income-tax Act, 1961 and is made annually based on the tax liability after taking credit for tax allowances and exemptions.

Minimum alternate tax ('MAT') paid in accordance with tax laws, which gives rise to future economic benefits in the form of adjustment of future income tax liability is considered as an asset if there is convincing evidence that the Company will pay normal tax within the eligible period.

Deferred taxes

Deferred tax assets and liabilities are recognized for the future tax consequences attributable to timing differences that result between the profits offered for income taxes and the profits as per the financial statements. Deferred tax assets and liabilities are measured using the tax rates and the tax laws that have been enacted or substantively enacted by the balance sheet date. The effect of a change in tax rates on deferred tax assets and liabilities is recognized in the period that includes the enactment date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realized in the future. However, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognised only if there is virtual certainty of realisation of such assets. Deferred tax assets are reassessed for the appropriateness of their respective carrying values at each balance sheet date.

The Company recognizes deferred taxes in respect of those originating timing differences, which reverse after the tax holiday period, resulting in tax consequences. Timing differences which originate and reverse within the tax holiday period do not result in tax consequence and, therefore, no deferred taxes are recognized in respect of the same.

Fringe benefits tax

Provision for fringe benefits tax is made on the basis of the applicable rates on the taxable value of eligible expenses of the Company as prescribed under the Income-tax Act, 1961.

(formerly BOB Asset Management Company Limited)

Schedules to the financial statements (Continued)

For the year ended 31 March 2009

(Currency: Indian rupees)

2 Significant accounting policies (Continued)

2.11 Transactions in foreign currency

Foreign currency transactions are recorded at the rate of exchange prevailing on the date of the transactions. Exchange difference, if any, arising out of transactions settled during the year are recognized as income or expense in the profit and loss account.

Monetary assets and liabilities, denominated in foreign currencies as at the balance sheet date are translated at the closing exchange rate on that date. The exchange differences, if any, are recognised in the profit and loss account and related assets and liabilities are accordingly restated in the balance sheet. Non-monetary foreign currency items are carried at cost.

2.12 Provisions and contingencies

The Company creates a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

Contingent assets are not recognised in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an economic benefit will arise, the asset and related income are recognised in the period in which the change occurs.

Deferred tax assets (Net) ((a) – (b))	8,557,933	128,303

15.3 Provision against receivable from Atcom Technologies Limited

During the current year, the Company has made 100% provision against the amount receivables from Atcom Technologies Limited (ATL) amounting to Rs. 10 million. On 12 July 1997, the Company had invested Rs. 10 million in 15% redeemable preference shares of Rs.100 each issued by ATL. These preference shares were matured on 11 July 2003. The Company did not receive the redemption amount on maturity and the Rs. 10 million was shown as receivables from ATL. The Company has filed a summary suit in High Court Mumbai on 25 January 2005. The matter is still pending with High Court.

15.4 Capital commitments and contingent liabilities

The Company has no capital commitments or contingent liabilities as at 31 March 2009 (previous year: Nil)

15.5 Operating lease disclosure

In accordance with Accounting Standard 19 on Accounting of Leases prescribed by Companies (Accounting Standards) Rules, 2006, the total lease payments recognised in the current profit and loss account towards non-cancellable operating lease amounts to Rs. 16,513,904 (Previous year – Nil).

15 Notes to the accounts (Continued)

15.6 Employee benefits

Effective 1 April 2008, the Company adopted Accounting Standard 15 (revised 2005) (AS-15) on "Employee Benefits" prescribed in the Companies (Accounting Standard) Rules, 2006. As per the transitional provision of AS-15, no significant difference has been identified between the transitional liability and the liability that would have been recognized at the same date, as per the pre-revised AS-15.

Key assumptions used to determine the net periodic gratuity cost were as follows:

Assumptions:	2009
Valuation method	Projected unit credit method
Discount rate	7%
Salary growth rate	7%
Normal retirement age	60 years
Attrition rate	2 % to 10 %
Mortality rate	LIC (94-96) Ultimate
Amortization of actuarial loss (gain)	Immediate

a) Discount rate:

The discount rate is based on the prevailing market yields of Indian Government Securities as at the balance sheet date for the estimated term of the obligations.

b) Salary growth rate:

The estimates of future salary increases considered takes into account the inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market.

15.7 Earnings per share

In accordance with Accounting Standard 20 on Earnings Per Share, the computation of earnings per share is set out below:

	2009	2008
Earning per share		
Net (loss)/ Profit after tax attributable to equity shareholders (A) - Rs.	(61,207,296)	21,868,810
Calculation of weighted average number of equity shares (B)		
Number of shares at the beginning of the year	20,000,000	20,000,000
Number of shares issued during the year	8,971,000	-
Total number of equity shares outstanding at the end of the year	28,971,000	20,000,000
Nominal value of the equity shares - Rs. per share	10	10
Paid up value of the equity shares - Rs. per share	10	10
Weighted average number of shares at Rs. 10/- paid up per share equivalent	26,832,707	20,000,000
Basic (Loss) / earnings per share of face value of Rs.10 for the year (A) / (B) - Rs.	(2.28)	1.09

15.8 Transfer pricing

The Company has a comprehensive system of maintenance of information and documents required by transfer pricing legislation under section 92-92F of the Income tax Act, 1961. The management is of the opinion that all international transactions are at arm's length so that the above legislation will not have any impact on the financial statements, particularly on the amount of tax expense and that of provision for taxes.

15.9 Managerial Remuneration:

Particulars	2009	2008
Salary and bonus *	3,272,209	541,957
Perquisites and allowances **	8,859,922	-
TOTAL	12,132,131	541,957

* Information relating to managerial remuneration does not include provision for gratuity and premium towards group term life, which is provided on an overall basis.

** Values of perquisites considered is the fair value of perquisites as estimated by the management

During the year, the remuneration paid/payable to Chief Executive Office has exceeded the limits prescribed under the Act by Rs. 9,801,460. On 3 October 2008, the Company has applied within the prescribed time to the Central Government for approval of the excess remuneration. The approval is awaited.

15.10 Earnings in foreign exchange - Nil

15.11 Expenditure in foreign exchange (on accrual basis)

Particulars	2009	2008
Traveling expenses	487,545	-
Purchase of software license	559,441	-

15.12 Dues to Micro, Small and Medium Enterprises

On the basis of the information and records available with the management, there are no dues to Micro, Small and Medium enterprises, which have registered with the competent authorities.

15.13 Quantitative details

The activities of the Company are not capable of being expressed in any generic unit and hence it is not possible to give the quantitative details required under paragraph 3, 4C and 4D of part II of Schedule VI of the Companies Act, 1956.
